TAFT VERY TIRED OF DOUBLE CROSS

Duplicity of Senators on Administration Bills Gives Him Pain.

PRESIDENT HAS A TALK WITH ELLIS

May Have Something to Say About the Conduct of Some Senators.

Cincinnati, May 3.—Although his visit "home" today was largely of a social character, President Taft could not altogether avoid the political.

Wade H. Ellis, the new chairman of the Ohio republican executive committee, and Arthur Vorys, who served as "chief of staff" to Mr. Taft during part of the presidential campaign, boarded the train at Columbus this morning and as soon as the president had finished breakfast they sought an interview. A number of other men of prominence in the party called on the president during the day.

Read of Reverse in Senate.

President Taft read with the keenest interest today the dispatches from Washington dealing with the critical situation in which the administration railroad bill has been placed. He had earlier received the news he said, however, over the long distance telephone from Washington.

The president would make no comment for publication regarding the attitude of the insurgents in the senate and house toward the measure. That he holds the insurgents responsible for the legislative delay is now fully recognized.

Several times of late to those who have talked with him it has seemed that the president was about to make some statement regarding the situation in congress, but he has refrained evidently in the hope that matters would right themselves without drastic action on his part.

Tired of Duplicity.

It is known however that the president has grown tired of the professions of some of the national legislators in both branches of congress that they are for his measures when they visit the white house, but work against the same measures, according to his view, as soon as they get back to capitol hill.

Mr. Taft is far from having lost all hope, but it is believed he is plainly discouraged by the lack of support from men who nominally belong to the party of which he is the titular head. As there seems to be a lack of a working majority in either branch of congress the chances for the various administration measures seem anything but bright. The president still adheres to the view that congress should bear the responsibility for its own acts of commission and omission and it is believed that in the last analysis he will endeavor to place the blame where he thinks it belongs.

Day With the Home Folks.

A day devoted largely to renewing neighborly relations with the "home folks" was President Taft's portion here today. Except for a brief address at noon before the trustees of the Mercantile library and another short talk late in the day before the Loyal Legion, the chief executive devoted himself to shaking hands and chatting with men and women with whom he had been on intimate terms of friendship for years. Sharing the social honors with the president was Count Von Berndorff, German ambassador at Washington, who accompanied the presidential party from Pittsburg and was guest of honor at several functions.

The president, arriving at 10:25 o'clock, was met at the depot by his brother, C. P. Taft, and by city officials, who presented him with a resolution of welcome passed by the city council. From the station, where several hundred people cheered him, a swift automobile whirled the president to the home of his brother, where as candidate for the presidency he had spent the opening days of the campaign.

Nation's Chief Goes Some.

A short rest at the Taft residence was followed by a trip down to the library meeting and then the president went to meet his old friends and neighbors. A luncheon at the home of Lucien Wulsin, East Walnut Hills, was succeeded by a reception at the home of J. G. Schmidlapp on the Grandin road. Count Von Bernsdorff was co-guest with the president at this latter function, which lasted until nearly 4 o'clock. There was a return run then to the downtown district, where Mr. Taft talked to the Loyal Legion. He then had two hours in which to prepare for the evening when he was scheduled to attend the opening concert of the May Music festival, dedicate a statue of Theodore Thomas, attend a brief dinner at a club and then board his train for St. Louis.

ADDED ROBISON PARK CAR.

Street Railway Supplies Accommodations for Fishermen.

In order to accommodate the demand of the fishermen, the city street railway system has added one morning car to the Robison park service daily until further notice. The early cars now leave for the park at 6:30 and at 7:30 a. m.

No. 320, a handsome interurban car that has been built entirely in the Fort Wayne shops, will be placed in service on the lines in a few days. It is now being "tried out" by Master Mechanic Jacques.

W. E. Clapham, of Vinita, Oklahoma, formerly an attorney in Fort Wayne, is in the city on a brief business trip.

AMAZONIAN RIOTER LEADS STRIKE DISORDER

Attempt to Move Cars in Columbus Leads to Attack by Mob.

Columbus, O., May 3.—An attempt to take out a Market street car today resulted in an outbreak in the west end and an automobile load of police was rushed to the scene. Mrs. Anna Barker, of Center avenue, was one of the most active of the crowd of strike sympathizers and she stoned the car with eight men. She was arrested.

More cars are running today than since the strike commenced Friday but there have been several minor outbreaks and the police are kept busy.

A Columbus, Urbana and Western traction car was stoned while passing the penitentiary and nearly every window on the south side of the car broken. No passengers were hurt.

Prominent men, including President Thompson, of the Ohio State university; President R. E. Sheldon, of the street car company, and others, met in Dr. Washington Gladden's study today to try to bring about conditions that will settle the street car strike. E. K. Stewart, general manager of the street car company, declares that the company will never recognize the union and Organizer Fay reiterates his statement that the company must recognize the union.

A car crashed into a milk wagon, fatally injuring L. B. Irwin, the driver. Inspector Gager says that the track was soaped.

STRIKE AT VINCENNES.

Vincennes, Ind., May 3.—Only one street car is running in Vincennes today and only 25 fares have been rung up on its register. All the employes of the street car company except one engineer and two firemen at the power plant are on strike.

Two strike-breakers from Jackson, Tenn., are operating the car service. Only one demonstration was made against them and that was when they tried to remove a wagon that had been set on the track by strikers and their sympathizers. The police were called.

Officials of the company say enough strike breakers will arrive tomorrow to run most of the cars. They will not recognize their old employes' union, they say.

RUTH BRYAN ONCE MORE IS LED TO THE ALTAR

Marriage to Lieut. Owen is Surrounded With Much Secrecy.

Lincoln, Neb., May 3.—Lieut. Reginald Owen and Mrs. Ruth Bryan Leavitt was being married at Lincoln shortly after 9 o'clock today. The strictest secrecy was maintained. All information concerning the wedding was withheld. A statement concerning the details of the ceremony is expected later in the day.

LEAVITT CHANGED HIS MIND.

Toledo, May 3.—While Ruth Bryan Leavitt was being married at Loncoln today to Lieut. Reginald Owen, her former husband, W. H. Leavitt, was here arranging for a lecture to be given at the Y. M. C. A. tonight. Mr. Leavitt declared that he had given up his first intention of going to Lincoln to stop the wedding in order to gain possession of his two children, but that he would start proceedings in court immediately.

GARROTED BY HIS OWN MACHINE AS HE STOOD BY

Blackford County Oil Man Has Coat Caught and is Strangled.

Hartford City, Ind., May 3.—An oil producer was strangled to death by the machinery on his "lease" in this county today. Winfield S. Fowler, who came prospecting to the Indiana oil field from Virginia two years ago, was standing alone near his pump. He wore a long "overall" coat, buttoned tightly at the throat. A whirling shaft caught the tail of the coat, ripped it up the back to the neck band and garrotted him.

FOUL PLAY OR ACCIDENT.

Terre Haute, Ind., May 3.—With his cloathing soaked with rain and bearing an abrasion on the side of his head, Daniel Watson, 58 years old, a miner of Clinton, was found dead on a drive way at the crematory here Tuesday. Whether he fell striking his head or was waylaid and killed, is a matter of conjecture.

CONFERS HONOR UPON SPEAKERS

Steel Workers' Convention Acknowledges Welcome Gracefully.

VOTES EMBLEM TO MAYOR AND OTHERS

Executive Sessions of the National Council Now Under Way.

Delegates to the national convention of the Amalgamated Association of Iron, Tin and Steel Workers of America applauded wildly today as President P. J. McArdle pinned upon the coat lapel of Mayor Jesse Grice and other speakers who had welcomed the delegates to Fort Wayne the convention's emblem, its official badge.

This pretty acknowledgment of Fort Wayne's kindly hospitality and interest came at the close of the first session of the body at the old Commercial club rooms this morning, after Mayor Grice, County Attorney Hoffman, Postmaster Hanna, Frank Schwantz, L. D. Redding and Henry Cohen had been heard in an expression of welcome in behalf of the city, the county, the business interests and organized labor, and after President McArdle had spoken in response. The motion to confer upon the Fort Wayne men the honor of the convention badge was offered by Secretary Williams and it was carried unanimously. As each of the speakers arose to receive the badge at the hands of President McArdle he was enthusiastically applauded. The visitors then retired and the convention took up its executive session.

Bade Visitors Welcome.

Fort Wayne's formal welcome to the steel workers was most cordial, and it started at 10 o'clock today when Chairman Ben Davis, of the local committee on arrangements called the meeting to order for its first session and introduced the mayor. Mayor Grice expressed the belief that Fort Wayne's prosperity had been due to the fact that not only were the right kind of men at the head of its industrial and commercial enterprises, but that they had the assistance of the right kind of workmen. He referred to Fort Wayne as a city of homes and said that these homes were largely owned by the men who had made them by hard toil. "It is not the man who makes big money who has the home as a usual thing," said the mayor, "but the industrious workman with a careful wife to aid him in saving." He invited the delegates to visit the manufacturing concerns. "I want you to know," continued the mayor, "that I am shoulder to shoulder with you so long as you are doing right. This is the first time I as mayor have had an opportunity of welcoming to Fort Wayne any convention of this character, and I want to assure you that not only are you most welcome, but that Fort Wayne feels honored by your presence."

Others Also Cordial.

Other speakers were also cordial in their expressions of welcome. County Attorney E. G. Hoffman took the place of City Attorney Hogan, who is absent from the city. He complimented the manhood represented and the high degree of intelligence apparents in the steel workers' body, and expressed his belief that the real key to Fort Wayne's success had been the fact that here the laboring man and his employer have a perfect understanding and work in harmony with each other.

Postmaster Hanna was vociferously applauded when, in speaking for the business interests of Fort Wayne he asserted that the city is "not cursed by the very poor and not damned by the overly rich." The wage-earner, he said, occupied an especially prominent position in Fort Wayne, and contributed largely to its welfare as a city.

They Spoke for Labor.

President Frank Schwantz, of the Fort Wayne Federation of Labor, L. D. Redding and Henry Cohen voiced the welcome of organized labor in this city. Mr. Schwantz, speaking for forty unions with a membership of 5,000 to the first national labor convention ever held in Fort Wayne, was most cordial in his welcome, and extended the delegates an invitation to attend the federation session next Monday evening. Mr. Schwantz was applauded when he expressed the hope that the convention would adopt a resolution declaring for a closer affiliation of all labor union organizations.

Mr. Redding declared that Fort Wayne was prepared to "make good" on every promise held forth at Detroit a year ago when the convention was invited to come to Fort Wayne. This city, he said, is finely organized, and organized labor here had prospered because it had been conservative and fair in its effort to properly appreciate the rights of all. Fort Wayne, he said, was particularly interested in the steel workers from the fact that the great organization had come to Fort Wayne for its president, and this reference to Mr. McArdle was roundly cheered.

The Cigarmakers' union, which had sent a magnificent bouquet of roses to the desk of the president, delegated Henry Cohen to add a word of welcome in its behalf, and he did it with admirable grace. There was an outburst of applause when Mr. Cohen declared that only union men were engaged in the manufacture of cigars in this city. He complimented the steel workers upon their organization, added a welcome to Fort Wayne and declared that the spirit of unionism made of a man a better citizen.

President McArdle Responds.

President McArdle faced a long-continued storm of applause as he arose to acknowledge on behalf of the steel workers the welcome Fort Wayne had given the convention, and it was some

REBELS DECLARE A BLOCKADE OF PORTS

Fleet of Estrada Government of Nicaragua Has Begun Business.

Washington, May 3.—Senor Salvator Castrillio, representative here of the Estrada provisional government in Nicaragua, acting under cabled instructions from Minister General Rivera today advised the state department that the insurgent forces had established a blocade of the port of San Juan del Norte, of Greytown. The blockading force consists of four ships, three ocean-going tugs equipped as gunboats and a fourth a larger vessel armed with rapid-fire guns. It is not unlikely that this is the rebel fleet which is on the lookout for the steamer Venus recently sailed from New Orleans with arms and ammunition for Madriz. Among Central Americans here it is asserted that the rebels are now better equipped to carry on the war than they were at the outset.

TAFT'S RAILROAD BILL IS GUTTED

Traffic Agreement and Merger Provisions Bodily Taken Out of It.

CUMMINS TAKES AMENDMENT DOWN

Senators Growl at Program But Admit They Are Helpless.

Washington, May 3.—Important events in the career of the president's railroad bill succeeded each other rapidly in the senate late today.

Heading off a motion by Senator Elkins to lay on the table his amendment to the traffic agreement provision of the railroad bill, Senator Cummins withdrew his amendment. Mr. Elkins then withdrew the Crawford-Elkins amendment and Senator Clay presented his amendment to strike out the entire provision.

Before a vote was taken several senators stated their displeasure at the program, but said they were powerless to prevent it.

The senate adopted the Clay amendment to strike out entire section seven of the railroad bill, relating to traffic agreements.

Senator Nelson's motion to strike out section twelve of the railroad bill, which would permit mergers between railroads, was adopted without division.

Insurgents Claim Victory.

Members bustled about in the senate from the moment the session was called to order. The only subject of conversation was the decision of administration leaders to eliminate from the railroad bill the two sections relating to traffic agreements and legalizing railroad mergers.

The insurgents, notwithstanding the announcement that the regulars claimed they would defeat the Cummins amendment before taking out the traffic agreement provision, declared they will have scored a decisive victory even though the announced program of those in charge of the bill is carried through.

Feeling Was Tense.

The feeling on the floor was tense. Administration senators busied themselves with checking up their poll to be sure they had not lost any strength over night. They claimed that they still were certain of their ability to defeat the Cummins amendment to require changes of rates to the approval by the interstate commerce commission before taking effect. When the bill was taken up today the insurgents were sticking by their guns and were insistent that the traffic agreement section must be brought to a vote.

"The insurgents have reached the respectable status of being touted as belligerents," commented Mr. Dolliver. "Our right to make treaties is recognized."

MORE BOSSES SIGN NEW SCALE FOR PLUMBERS

Half the Journeymen Who Went on Strike Are Back at Work.

Fully half the plumbers in Fort Wayne who went on strike Monday to enforce their demand for an eight-hour day, a 20 per cent wage advance and a closed shop, have already returned to work as the result of the signing of the new wage agreement by ten of the fifteen employing bosses in the city. This was the situation as announced at 2 o'clock this afternoon from Vordermark's hall, the headquarters of the journeymen.

Frank J. Kennedy, of Chicago, national organizer for the plumbers, said this afternoon that every indication was for an early settlement of the labor difference without trouble. "Fort Wayne plumbers have been the lowest paid workmen of their class in any city in the United States," said Mr. Kennedy, "and the employers realize it. We are hopeful of getting everything adjusted satisfactorily in a few days."

Plumbers wages in Fort Wayne have ranged from 32½ to 35 cents an hour for a nine-hour day. The workmen are asking that this rate be advanced to 45 cents an hour for an eight-hour day, and that the union be given recognition by the closed shop system. In all about thirty-five men were at first affected by the strike, but some of the employers signed up at once.

Many Business Houses Decorated for Convention.

The Fort Wayne Tent and Awning company, which has the contract for decorating for the state convention of the Travelers' Protective association, to be held in this city on Friday and Saturday, has its work well under way, and the red and white of the traveling men's organization is blossoming out in the downtown district. A total of more than two hundred business concerns have arranged to decorate for the occasion which will bring hundreds of traveling men to Fort Wayne.

ATTACH TINWARE TO COUNCIL BLUFFS POLICE HEAD

Court Sustains Ouster in Case of Richmond—Had Graft Record.

Council Bluffs, Ia., May 3.—The decision of Judge Woodruff, in the ouster case against Maj. George H. Richmond, chief of police of this city, was received last night by mail from Glenwood, Ia., where the judge is now holding court, and is against the defendant.

The case was brought by Attorney General Byers, representing the State of Iowa. It was a direct result of the disclosures made in the recent Mabray fraud trial, it being claimed that Chief Richmond was remiss in his duties while the "Big Store" was in operation here.

The principal charge against the chief, however, was in connection with the raising of revenues for the city from gambling houses and other illegal resorts. In this Chief Richmond acted upon order from the mayor and city council and the system had been in vogue for forty years.

The court holds that he violated his oath of office and orders his removal.

It is said Major Richmond will not appeal the case.

INSANITY WILL BE DEFENSE OF BOY DESPERADO

Young Bandit Hoal Who Did Murder in New Albany Holdup on Trial.

Corydon, Ind., May 3.—The trial of Thomas Jefferson Hoal, the 18-year-old Louisville boy charged with the murder of J. Hangary Fawcett, cashier of the Merchants 'National bank at New Albany, Ind., last fall, began here today in the circuit court before Judge Reidlein. The case was brought to Corydon on a change of venue from New Albany.

Several experts on insanity have been summoned and the trial, after the jury has been secured, is expected to be brief.

Hoal, in his raid on the bank, also wounded President John K. Woodward, but the latter has recovered after his life was despaired of.

Hoal was present in court before the matter of securing a jury was taken up.

The defense asked that Dr. D. C. Payton, superintendent of the Southern Indiana reformatory at Jeffersonville, be summoned to examine him and report on his mental condition. Dr. Payton was not present and word was sent him to appear in court at once.

RETAIL CLERKS ARE AFTER CLOSED SUNDAY

Want to Clamp Lid on Merchants Who Keep Their Stores Open.

Affidavits were filed in Justice Tancey's court today against Abraham Levy and David Frosh charging them with Sabbath desecration in keeping their clothing stores open on Sunday and the action marks the opening of a fight against men who sell goods on Sunday.

At the bottom of the movement is the local organization of retail clerks and the affidavits were filed by Charles Hawkes and Herbert ZurMuhlen, members of a committee appointed to take the matter up. Proprietors of stores employing union help are not allowed to sell on Sunday and they are at the mercy of the men who keep their places open.

Both of the men are proprietors of small establishments. Frosh is located on East Main street, and Levy is on Barr street and is one of the members of a firm that opens every Sunday for business. The affidavits cover the last two weeks when clerks were sent into the stores to make purchases and to get evidence on which to base the prosecutions.

COUNTY OPTIONIST WINS.

Achieves Nomination for Governor of Alabama Over Prohi.

Montgomery, Ala., May 3.—Returns today indicate that the predicted gubernatorial majority of O'Neal, the local optionist, over Mallory, state wide prohibitionist, of 20,000 in the state democratic primary yesterday, is high and that it may be reduced to as low as 10,000. However, there is every prospect that O'Neal is safely nominated.

Senator Bankhead has more than both the other candidates combined for the United States senate. The count is coming in slowly.

GETS MATERIAL FOR GRAND JURY

Chicago Prosecutor After Evidence in Graft Inquiries.

WAYMAN HIKES TO STATE CAPITAL

Seeks Facts for Grand Jury in Senatorial and Railway Bribe Scandal.

Chicago, May 3.—Coincident with the departure "out of town" of States Attorney Wayman, the special grand jury which is investigating charges of bribery in connection with the passage of certain legislation and the election of William Lorimer to the United States senate, adjourned until tomorrow when two witnesses, believed to have been Ira G. Rawn, president of the Monon road, and E. C. Field, vice president of that line, were called before the inquisitors.

In Search of Evidence.

Many rumors were current to account for the absence of the state's attorney. One had it that he had gone to Springfield to confer with State's Attorney Burke, of Sangamon county, who has announced that a grand jury called by himself will take up the Lorimer bribery charges next Monday. Another rumor was to the effect that Mr. Wayman had taken two dectectives with him on a hunt for evidence to corroborate that of Representative White who made the confession that he, a democrat, received $1,000 to vote for Lorimer.

Called Before Jury.

Messrs. Rawn and Field were subpoened in connection with the allegation made by John C. Fetzer that $213,000 was spent in behalf of the Chicago and Western Indiana Railroad company to influence members of the legislature and the Chicago common council.

Mr. Rawn is a director of the Chicago and Western Indiana, while Mr. Field was the arbitrator who decreed that Fetzer, Benjamin Thomas and Charles R. Kappes should return $525,000 to the railroad, alleging that the defendant had defrauded the road out of that sum.

Despite the semi-official assurance that Mr. Wayman had left the city, it was learned later that the state's attorney went to a downtown hotel last night with two men, names unknown, and did not leave the hotel until noon today. The men are supposed to be prospective witnesses.

NO SELECTION MADE TO FILL PLACE ON FORCE

Board of Safety Will Hold Meeting Tonight—Routine.

No selection has been made by the board of public safety to fill the vacancy on the police force caused by the resignation of Jesse Finley and none will be made tonight at the meeting as Member W. D. Henderson is in Indianapolis as the Columbia avenue representative in the paving suits on today.

The board will receive bids on its coal supply for the year at the meeting but awards will probably be held up until Mr. Henderson gets back. A few routine matters will come up for discussion.

There was little business done at the city hall today as nearly all of the officials have been called as witnesses in the lawsuits.

Ready to Move Curve.

In order to give the Fort Wayne and Wabash Valley Traction company time to prepare for the handling of its cars when Calhoun street is torn up to put in a new paving and when it is blocked at the south depots for track elevation permission has been given to remove the curve at Lewis and Calhoun streets to Broadway and Creighton avenue. A double track will be put down on Creighton avenue for a short distance east of Broadway and the company will pay for all the paving that is rendered necessary.

Petitions were presented yesterday and plans ordered for paving Home avenue from Fairfield avenue to Broadway; first alley east of Hoagland avenue from Taber to Suttenfield street; cement sidewalks on the south side of Creighton avenue from Smith to Oliver streets and vacating the alley between James and Jane streets from Leith street.

Remonstrance was filed against the proposed paving of Maple avenue between Broadway and Thompson avenue.

The bids for the Calhoun street sewer, from Superior to Columbia streets, were taken under advisement until Thursday night.

Building Inspector Philip H. Wyss has completed his report for April, showing that a total of 106 building permits were issued. The fees amounted to $124.50. There were eight first-class permits, two second-class, eighty-three third-class, nine fourth-class and two housemoving; one elevator and two sign permits.

The second department of the Simpson Epworth league will give a social at the home of Mrs. Fred Fry, 2323 Harrison street, this evening at 7:30 o'clock.

LOCAL DELEGATES LEAVE FOR BAPTIST MEET AT CHICAGO

Hundreds from Churches of Northern States to Attend May 6-13.

The annual convention of the Northern Baptist association will open this week in Chicago and hundreds of representatives of the denomination from churches throughout the northern states will be in attendance. The convention a season ago was held in Portland, Ore., and while a notable event the gathering this year promises to be even larger. Those from Fort Wayne, who left at noon today to attend the convention, are: Rev. and Mrs. John F. Vichert, Miss Clara E. Norcutt, the deaconess; Mrs. W. H. Polhamus, Miss Laura Polhamus, Mrs. M. U. Philley. Others who will leave later in the week are S. F. Bowser, S. B. Bechtol, Frank R. Dulin and Mrs. Catherine Smith.

The convention proper opens Friday, May 6, continuing until Friday, May 13, inclusive. It will be preceded, however, by the sessions of the Ladies' Missionary societies (home and foreign) of the Northern association, which open Wednesday, May 4, continuing until Friday, hence the early departure of a party of the delegates.

The sessions of the missionary societies and later of the convention will be held in Bartlett gymnasium of the University of Chicago, which [illegible] great educational institution has turned over for use as an auditorium for the forthcoming event.

Apropos of the absence of the local pastor, Rev. John F. Vichert, the prayer meeting at the First Baptist church tomorrow evening will be led by A. Z. Polhamus. Rev. N. A. Harkness, of the University of Chicago, will occupy the pulpit the next Sunday. Having served as an assistant pastor at the local church three years ago he made many friends here who will be pleased to hear his sermons next Sunday.

Rev. C. Claude Travis, pastor of Wayne street Methodist Episcopal church, will leave on Thursday for Indianapolis and in the evening will deliver an address for the benefit of the new St. Paul's Methodist Episcopal church. The topic of the local minister's lecture is "The Glorification of Poor Resources in the Grasp of Faith." Rev. Charles A. Parker, pastor of the Indianapolis church, and his congregation have inaugurated a campaign to raise the sum of $25,000 in a week in order to pay for the erection of a new church. In behalf of promoting the financial campaign great mass meetings have been arranged for every evening this week, when men of prominence will address the many attending.

Claude Travis will preach. WIFE MAKES SECOND ATTEMPT TO GET INSURANCE

Mrs. Gaskill Contends Husband Did Not Shoot Himself.

A second trial of the suit of Ora Viola Gaskill against the Supreme Lodge of the Knights and Ladies of Honor to recover $300 on a certificate of insurance was taken up in the circuit court today. The action is based on the theory that Roy Gaskill, to whom the certificate was issued did not take his life.

He was found dead several years ago in the kitchen of the home of Fred Hoffman with a revolver near his body and a pistol wound in his head. The coroner pronounced his death suicide. An effort was made to show the jury that Gaskill had often stated that he would never take his own life and that there is not sufficient evidence to show that he died by his own hands. At a former trial the order won and a new trial was granted.

Look Over the Road.

County Commissioners Wyss and Butt went out today to inspect the road extending from the Centlivre brewery to a point where the street car tracks turn east on the Robison park line with a view of ascertaining what can be done toward putting down a road bed of tarvia macadam.

One of the companies engaged in the sale of the paving material wants to put down a trial piece of road and is trying to interest the property owners. He has promised estimates and as soon as these are furnished the board will take the matter up. William Berning was appointed superintendent of the Grotrian stone road in Madison township.

Articles are Filed.

Articles of incorporation of the Fort Wayne Homestead company were filed with the county recorder. The capital stock is $25,000 and the directors are Charles A. Wilding, Herman Freiburger and Hugh G. Keegan.

Case is Appealed.

In the suerior court a new trial was denied in the suit of Emma Brudi against Frank Gladieux and an appeal was taken to the supreme court. Mrs. Gladieux obtained a judgment for $275 for injuries sustained in a runaway caused by a team belonging to Gladieux.

CITY BREVITIES.

Thomas B. Emple, who has been seriously ill at the Lutheran hospital, is reported much better today.

Mrs. Dr. Z. H. Stamets has returned to Auburn after a week's visit with Dr. Stamets' brother, W. O. Stamets, and family, 2202 Winter street.

The Ladies' Aid society of Bethel Evangelical church will hold its regular monthly business meeting Wednesday evening after prayer meeting in the lecture room of the church. There will be no special afternoon this month.

Miss Bertha Lieder has returned from Angola, where she spent Sunday as the guest of Miss Nora Hazzard.

The remains of Mrs. B. A. Harrison, who died at Warsaw while on a visit to her sister, were brought to Fort Wayne today by Funeral Director Rhoades and transferred for shipment to the late home of the deceased at Petoskey, Mich.

SPECIALIST

FOR MEN AND WOMEN

BLOOD POISON, SKIN DISEASES, OBSTRUCTIONS, VARICOCELE, HYDROCELE, NERVOUS DECLINE, PILES, FISTULA, RUPTURE AND DISEASES OF THE KIDNEYS, BLADDER AND PROSTATE.

WHY SO MANY FAIL TO GET CURED.

Nine specialists out of ten use unscientific methods and resort to guess work in treating their patients, which results in the many there are who are not only disappointed, but lose their money. Have you made a great mistake in not getting skilled treatment, being attracted by "liberal" offers of payment, "bargain cures" and "low prices" of unscientific specialists, instead of seeking a cure by scientific methods, only by which you will ever be cured?

My Pelvic Methods are Scientific; therefore they produce quick, everlasting cures!

IMPORTANT—I will cure you for less money than you can be treated for by any other specialist in Fort Wayne. You will have to come to me sooner or later in order to be properly cured; why not before you have lost your money in doctoring with cheap or dishonest specialists?

CONSULTATION FREE AND INVITED—A personal, thorough and searching examination is desired, though, if inconvenient to call, write me a full description of your trouble.

Blood Poison, Ulcers, Sores, Swollen Glands

Cured to stay cured. My treatment is scientific and rational and will eliminate every vestige of poison from your system. If you have sores, pimples, deep ulcerations, falling hair, sores in the mouth and throat, call at once. I will guarantee a permanent cure and back it up with a no-cure-no-pay contract.

VARICOCELE, HYDROCELE AND ALL CHRONIC, NERVOUS AND BLADDER DISEASES cured to stay cured in the shortest possible time.

STRICTURE

For the cure of Stricture I have a system that gives all the benefits of surgery without the pain that surgery involves; a painless system of curing Stricture which acts directly upon the affected parts, dissolves the abnormal tissues, stops all irritation and allays all inflammation.

VARICOCELE

Varicocele may be caused by blows, kicks, falls, heavy lifting, mumps, early indiscretion, or may be a symptom only of some special weakness.

The proper treatment consists of local applications for the purpose of dispelling the stagnant blood and contracting the swollen veins, as well as internal medication to strengthen the nerves which govern the blood supply to these veins.

Though causing you no trouble at the present time, your Varicocele will, if permitted to go without proper treatment, impair and destroy the elements of vitality.

THEFT OF NOTES OF GRAND JURY WAS TIPPED OFF

Hyde Jury Hears of It Through Quarrel of the Lawyers.

Kansas City, Mo., May 3.—As a result of a hot clash between Prosecutor Conkling and Attorney Frank P. Walsh the jury that is hearing the Hyde murder trial today came into possession of a part of the story of the disappearance of the grand jury notes in the case. When the first trouble arose between the attorneys two weeks ago the jury was not in the room.

Shortly prior to the noon recess, in the course of a legal argument, Mr. Conkling made reference to the "stolen grand jury notes."

Springing to his feet, Mr. Walsh pounded a table with his fist and shouted "Who stole the notes? They were lost through the blundering of the prosecutor's office."

"They were stolen," responded Mr. Conkling, angrily.

"I ask the court to reprimand the prosecutor for that remark," said Mr. Walsh to Judge Latshaw.

"The court has no comment to make," said the judge.

"Who stole the notes?" queried Mr. Walsh, turning to Mr. Conkling.

The jurors who had followed the tedious medical testimony all morning, sat up in their chairs.

"I can't say, but I know who obtained them and refused to give them up until the court threatened to send his client to jail," answered the prosecutor.

Mr. Walsh began an explanation of his conduct and the court stopped the verbal bout.

CONFERS HONOR UPON SPEAKERS

[Continued from Page One.]

time before he could proceed. "It is especially gratifying to us," said Mr. McArdle, "to know that our convention is held among people who welcome us as we have been welcomed today. We are glad to be in Fort Wayne, where there is so generous a recognition of the importance of that large element of society, organized labor. I am glad to see that your mayor got away from that time-honored and perhaps overdone formality of 'turning over the keys' of the city, but as one who knows Fort Wayne I am sure the city is never locked against those who are worthy to enter it, and I am equally certain that no member of this body will have desire or occasion to go to any place that it is necessary to keep under lock and key. We appreciate to the fullest extent the splendid welcome you have given us, and I trust that we shall so conduct ourselves that when we depart the memories we leave behind, like those of Fort Wayne, we take with us, will be as sweet and as fragrant and as beautiful as the flowers sent here today with the compliments of our friends."

Down to Real Business.

With little delay the convention began its first executive session with the announcement of the credentials and rules committees, which started at once on the preparation of their reports. While awaiting these the convention indulged in the relaxation of an informal program to which various delegates contributed, including a number of songs, recitations and other diversions.

There are practically 150 delegates in attendance, representing unions of the iron, steel and tin workers from Maine on the east to Dakota and Missouri on the west, though the representation from the tin plate mills is somewhat reduced by the fact that strikes exist in a number of them. President McArdle said today that he expected the Fort Wayne convention to be larger than that held at Detroit a year ago. This afternoon the convention took up the roll call of delegates and the reports of the officers, which were referred to committees.

Many of the delegates are wearing the Sol Edwards memorial buttons, from the sale of which it is proposed to erect a monument to Edwards, at Martin's Ferry, Ohio. During March of this year Edwards was shot down by a negro strike-breaker at Martin's Ferry, and the buttons are inscribed, "Our Martyr, Brother Sol Edwards."

KILLING FROSTS.

Kansas City, April 3.—Killing frosts in Nebraska last night and early today with a temperature of thirty degrees registered at North Platte, were reported to the local weather bureau today.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., May 3.—A spirit of cautiousness seemed to have control of aders today whether they were bulls or ars. With unfavorable weather in the ture of freezing temperatures forecasted the market showed some strength, but offerings were inclined to be scanty, and the buying moderate. On a small bulge considerable more wheat was for sale and the gain was lost and a fraction besides. Quotations started unchanged to ⅛c lower to ⅜c to ½c up, with September at $1.01¼ to $1.01⅝. That option advanced to $1.01⅜, but declined early to $1.01⅛.

A sudden rise began following a sharp advance at Liverpool. Dispatches telling of havoc by Hessian fly in Illinois, Indiana and Tennessee and mentioning that ice was a quarter of an inch thick in Nebraska increased the bullish feeling, which continued till the close. September went up to $1.02¾ and closed firm at $1.02⅝, a net gain of 1¼.

Trade in corn was light. Prices followed the trend of wheat, opening a shade lower to a shade higher with September at 63⅝c to 63¾c. After touching 63⅞c, there was a decline to 63⅜@63½c.

The late firmness in wheat helped corn, September advanced to 64⅛c and closed steady, ¼c up at 63⅞@64c.

In oats the crowd in general was inclined to be sellers. The opening was unchanged to ⅛c to ¼c lower. September started at 38⅛c to 38⅝c, sold at 38⅝@38¾c and then fell off to 38¼c.

Provisions were strong on light offerings, with prices 7½c to 15c up. September pork sold at $21.85; September lard at $12.25; and September ribs at $12.15.

STOCKS AND BONDS.

The Day on Wall Street.

New York, May 3.—A buoyant upshoot in prices accompanied the opening dealings in stocks today, which was heralded by the higher range of prices in London before the opening here. A rush of shorts to cover was a prime factor in the movement. Trunk line railroad stocks were conspicuous in the advance, but the gains extended to a point in practically all of the active speculative stocks. Great Northern preferred advanced 2⅝; Baltimore & Ohio and Canadian Pacific 2, Union Pacific 1⅝, Pennsylvania, New York Central and American Car 1¼, and Reading 1⅛. There was eight thousand shares of United States Steel sold at 80 and 80⅜, compared with 79¼ last night.

A lot of stocks was offered at the opening figures and the market reacted. Great Northern preferred gave way 1¼. Union Pacific, Pennsylvania, Baltimore & Ohio and Northern Pacific 1, and the list generally ½ to ¾. By 11:30 the market had absorbed the selling orders and prices began to rise again. Union Pacific, Southern Pacific, Reading and United States Steel rose fractionally above their opening prices.

Trading was very restricted and prices yielded on apathetic demand.

The covering of shorts which lifted prices of stocks was stimulated by an easier money market. News from Washington conveyed an impression that railroad legislation might fall of enactment. Rumors were circulated of a proposed extra disbursement to Southern Pacific stockholders, the proceeds of oil lands sales. American Cotton Oil rose 4 on dividend rumors. Reading and United States Steel gained 1½, the preferred 1⅝ and American Sugar 1¾. Bonds were irregular.

After an interval of steadiness the market began to decline again with the copper stocks showing notable heaviness, National Lead and American Smelting sold a point under yesterday's closing and Amalgamated Copper half as much. Only a moderate fraction remained of the earlier gains in many of the leading railroad stocks, such as Union Pacific, Reading and St. Paul.

The market closed nervous and irregular. A violent break in the copper industrials turned the whole market weak and converted gains into losses. Reports of heavy concessions in selling prices for copper accompanied the break. Illinois Central and Amalgamated Copper fell 2½ points below yesterday, American Smelting 3⅛, National Lead 2¼, Consolidated Gas 2⅝, Anaconda, Reading and Brooklyn Transit 2, Union Pacific and Missouri Pacific 1½ and others a point or more. Rebounds at the last showed the active part played by shorts in the weakness.

YIELDS TO SUICIDAL IMPULSE.

Mother Shoots Herself as She Frolics With Her Babe.

Cincinnati, May 3.—Playing with her baby as a happy mother does, rolling it from side to side of the bed, Mrs. Ida May Crockett suddenly reached under a pillow, seized a revolver and fired a bullet into her brain. While the child still was laughing and kicking in joy, the mother fell at its side, rolled to the floor and expired. Sudden dementia, due to long suffering from melancholia, is believed to be the cause of the suicide, which occurred at the Crockett home, 704 Main street, Covington, Ky., today.

Farmers Will Now Wipe Out Sheep Killing Dogs.

Petersburg, Ind., May 3.—Farmers of the township lately organized a mutual sheep insurance society, which they called the "dog fund," and early today the $300 in the treasury was wiped out in one fell swoop of sheep killing dogs upon the flock of Grant Malotte.

Twenty-nine sheep were slaughtered and the farmers will engage in a dog hunt, before they repair their insurance company.

Twinkle, twinkle, long-tailed star; much we wonder why you are, and what it may be you are having to do with the weather.

Tom Taggart's great triumph appears to lie in his having come out no worse than second best in his contest with Governor Marshall. There were no other starters.

Sunday liquor selling will be attempted at all times, no doubt, by those who believe they are shrewd enough to outwit the vigilance of the police. But the certainty of more severe penalties than are commonly inflicted upon the guilty will help the police a lot.

Senator Lorimer is utterly dumbfounded by the possibility that he should be thought capable of procuring his election by doubtful means. Does jolt quite a lot. Meanwhile, Senator Lorimer ought to explain just how it did happen that democrats were brought to consider him a proper solution of the situation.

Gary, for two years "dry," has reopened for legalized liquor selling, the tenure of the remonstrance having expired. It has all along been a misnomer to class Gary as "dry," for while the saloons have been nominally out of business, the saloonists have not. Drinking there was simply made more difficult, not prevented. For a long time there was only the barest semblance of law-enforcement.

Attorney General Wickersham has been at it again. About the time he was blazing away at the congressional insurgents through the medium of a speech in New York, the republican recalcitrants of the senate were putting additional crimps in the railroad bill he drafted for the president. If Wickersham is sore there are plenty of mitigating circumstances to be taken into account.

Edward Payson Weston, at the age of 72 years, has just completed a walk from Los Angeles to New York city in the amazing time of seventy-seven days. This, without making any discount for the extreme age of the pedestrian, is a remarkable feat, but taking into account that the performer is much past the three score and ten of man's scriptural allotment, it ranks with the marvelous. Weston is a fine old man who has lived correctly, taken care of his body as its Maker meant he should do and kept his spirit true. His great performance has value as a lesson that all may well study.

That the states have the power within limits to deal with trusts has been upheld by the highest court in the land and two more decisions have just come down from the supreme federal tribunal to confirm this. The state of Tennessee has been sustained in its ouster of the Standard Oil company from that commonwealth and the state of Mississippi upheld in its suit against a lumber combine. These state measures cannot go to the root of the trust evil, but they greatly hamper trust operations and such enactments by more of the states would have the collective effect of greatly curbing combinations in restraint of trade. Missouri, Texas, Ohio, Tennessee and some other states have very salutary and effective laws of the sort under which great trust corporations have been bridled.

The fate of the administration railroad bill begins to be clearly forecasted. The insurgents in the senate have apparently gained the upper hand and the measure will be either trimmed to almost nothing or killed outright. The bill contains features the progressives cannot be induced to subscribe to and some of the senators who are not progressives would be glad to see the measure defeated if that can be brought about under circumstances that will absolve them from responsibility for its unhappy fate. They fear it. On the whole, Senator Aldrich's lugubrious prediction to the president that the entire administration program is in promising way for disaster appears well founded. The railway bill, drafted by Attorney General Wickersham, has been the chief concern of President Taft, and its failure no doubt would be esteemed by him to be a personal disaster and a direct repudiation by congress of his administration.

A story has been printed by a Washington newspaper purporting to give the substance of letters recently written by Colonel Roosevelt to President Taft, William A. Loeb and others, in which the present administration is endorsed, Loeb proposed for the governorship in New York and the conservationists admonished not to get "too strong." These letters are reputed to announce the ex-president's purpose to take a hand in the congressional campaign in some of the western districts where administration men may have hard work to secure re-election. Altogether the letters constitute the most interesting political news of the spring. They lack but one merit. It appears they are not true. President Taft says he knows nothing about them and Collector Loeb denies knowledge of any gubernatorial boom. The reputed letters are doubtless merely things hoped for and neither due nor likely to be written. Though, it would seem that the least the traveling colonel under the circumstances could do is to extend sympathy if not his endorsement. He first tempted Judge Taft and then brought the thing about, much against the judge's inclinations. But there are chasms in the republican situation that the colonel may consider too broad even for him to bestride.

PROTEST AGAINST FIGHT.

Philadelphia Ministers Want California Bout Prevented.

Philadelphia, Pa., May 3.—Philadelphia Methodist ministers are endeavoring to start a nation-wide protest against the Johnson-Jeffries fight in California on July 4. At the weekly meeting protests against the permission association a resolution was adopted which says:

"Resolved, That the permission of this fight can be regarded as nothing less than a national disgrace and a calamity to the moral life of our people; that the Philadelphia preachers' meeting protests against th permission of this fight and that we invite the ministers of all denominations in the state of Pennsylvania and in other states to stir their people and to unite with us in a protest to the governor of California against the permission to conduct this fight."

THE COUNTY SCHOOL GRADUATION ON JUNE 11

Rev. L. A. Brown, of Lebanon, Will be Speaker of the Day.

At the meeting of the county board of education Monday afternoon in this city it was decided to hold the annual commencement exercises of the county schools on the afternoon of June 11 at the Princess rink. The orator for the occasion will be Rev. L. A. Brown, of Lebanon. The arrangement committee chosen consists of A. J. Shaffer, Frank Lamont, Michael Costello and H. G. McDuffey. The graduates now number 226. Others will be added to the list by the examinations held this month.

The meeting was a very interesting one, all the trustees of the county, twenty in number, being present. There were four principal addresses delivered, the speakers and their themes being as follows:

"The Equipments That Should Be Found in the District Schools," by Michael Costello, of St. Joseph township.

"What Factors Should be Taken Into Consideration in the Employment of Teachers," by A. J. Shaffer, of Madison township.

"The Value of Corn Clubs" by Edgar Myers, of Washington township.

"School Decorations and the Value of School Visitation" by Charles Cochenour, of Scipio.

Practical thoughts were given by each speaker. Mr. Shaffer, in the discussion of the employment of teachers, said that moral character should be one of the important considerations. In the discussion of the value of corn clubs Mr. Myers said that the boys on the farm should be given an acre or two of ground on which to raise corn and that they ought to be allowed the proceeds. It would not only be an education for them, but it would tend to make them content to remain on the farm and not drift to the cities, as many are doing.

Present at the meeting were H. G. Felger, the county superintendent, and W. I. Work, the truant officer. The latter proved his popularity with the trustees, his re-election as truant officer being by a vote of 17 to 3.

MERCHANTS PUT BAN ON ALL PRIZE SCHEMES

Retailers Ask Piano Dealers to Eliminate Gift Certificates.

Piano certificates and similar prize cchemes fell under the ban of the Retail Merchants' association Monday evening, when resolutions were adopted urging the piano dealers to eliminate the gift and contest enterprises as tending to shatter confidence in legitimate advertising and to demoralize trade. The Packard company is as yet the only piano concern in the city affiliated with the Retail Merchants' association, but other dealers are urged to unite with it and discontinue the credit certificate plan. Speaking for the Jacobs Music house, Attorney B. F. Heaton contended that the credit certificate was wholly unlike the ordinary premium, and that it should not be discriminated against.

Resolutions Adopted.

The association, upon motion of George M. Haffner, adopted the following resolutions:

"Resolved, That we, as members of the Fort Wayne Retail Merchants' association, greatly regret the fact that there still remains one line of business in Fort Wayne—that of pianos—in which premium giving and prize schemes still prevail. We believe these methods of business are unhealthy, undignified, injurious to the public and calculated to bring the store which employs them into disrepute. These schemes are many of them but little better than other forms of gambling, and only appeal to that essentially dishonest element, so prevalent in human character, which leads one to desire to get something for nothing. We believe that while these scheme methods may seem sometimes to give a temporary artificial stimulus to trade, their after result is to weaken and to lower the standing of the concern using them, in the estimation of the general public.

"Resolved further, that we earnestly ask all dealers in pianos in this city to agree with each other and with this association, to hereafter eliminate all these unhealthful and illegitimate advertising and trade promoting schemes, believing that they destroy the confidence of the public in advertising, and appeal for the patronage of the public on the legitimate grounds of the excellence of the goods offered, the reasonableness of the prices, and the fair and upright methods with which the business is conducted, and be it also

"Resolved, That as members of this association we ask the newspapers of this city to assist the members of this organization and that it is the sense of this association to call the attention of the newspapers to the fact that by the acceptance of questionable advertising they destroy to an extent unknown the value of the advertising that we as individual members of this association carry in the aforesaid publications, and request them to eliminate from their columns all ads carrying premiums, credit certificates or contest schemes."

WORK IN THE CHORUS TO BEGIN THIS EVENING

John B. Archer is Musical Director of the Playgrounds Benefit.

A call has been issued for the first meeting at the Majestic theater this evening of the young ladies and gentlemen who will sing the chorus and ensemble numbers in "Forty-five Minutes From Broadway" in the big George M. Cohen success which is to be staged for an entire week, beginning May 16, for the benefit of the public playgrounds movement in Fort Wayne.

John B. Archer, who has been chosen as musical director of the production, will tonight arrange the chorus and give out the musical score, though it is hardly expected that the actual work of rehearsal can begin at this time. It is particularly requested that all those who have been approached regarding work in the production be present at the Majestic stage early this evening, before the Morning Musical's entertainment begins.

Manager Rice and committees from the Playgrounds association and the Woman's league are enthusiastically at work upon arrangements for the popular playgrounds benefit, and they declare that everything indicates that it will be the most successful movement of its kind ever inaugurated in Fort Wayne. A chorus of twenty-five Fort Wayne young people will support the principals in the big musical show.

IN THE THEATERS

THE GIRL OF THE GOLDEN WEST

Great Belasco Play With His Own Company Wednesday.

David Belasco's own company in his great play, "The Girl of the Golden West," will be presented at the Majestic theater on Wednesday evening. The theme of this story is of the west in the days of '49, with scenes laid in California. Mr. Belasco is, himself, a native of California, and writes of and from the heart. The scenes of the play are such as he saw and the people are such as he knew.

The acts of "The Girl of the Golden West" are four in number. The first passes in the Polka saloon at 12 o'clock midnight, and here the girl meets the stranger. The second act shows the interior of the simple cabin home of the girl at 1 o'clock in the morning. Act three pictures the dance hall of the Polka a few days later, and the last pictures the prairies at dawn. It is here that Mr. Belasco is said to have provided his most striking demonstration of "the poetry of light."

"THE GAY HUSSARS."

Big Military Operetta Here Next Friday Evening.

The Balkan peninsula, that veritable land of romance, furnishes the locale of the action in "The Gay Hussars" the big military operetta that Henry W. Savage will send to the Majestic theater Friday evening. A passionate, proud people, these Hungarian Hussars, people who take their military duties seriously, their love affairs seriously, but their fun and frolics and their songs and dances with all the characteristic lightness, gayety and whimsicality of the Viennese.

"The Gay Hussars" has obtained rank even with that great queen of operettas, "The Merry Widow," a ranking that has not alone the authority of the critics of the metropolis of the new world, but as well of the critics of Vienna, Berlin and a score of other great capitals of Europe. Indeed, there are many who place "The Gay Hussars" first in point of melodic appeal, musicianly skill and tuneful charm. These speak in glowing terms of the wonderfully beautiful orchestral threads that run all through the operetta of that incomparable love song, "O, Silver Moon," of the delicious waltz of the rollicking "My Friend Lebel," with its extraodinary whimsically, and of the splendidly colorful military march, "The Gay Hussars."

THE LYRIC THEATER.

Tony and Flo Vernon in an eccentric sketch and novelty act are making their first appearance in this, their home city, at the Lyric. Their act is a novelty and very interesting and pleasing. Wells Brothers are very good singing and musical artists. Billy Brown is a good yodler and impersonator. The big act is "The Slave," as presented by Bernice Howard and company of four. It is an oriental novelty sketch, the like of which has never been seen here before and brimful of excellent comedy.

Everybody Should Read This

There are some Chicago houses in various lines of trade which are advertising to sell goods in Fort Wayne on the installment plan. Quite a good many Fort Wayne people, for one reason or another, answer these advertisements and send an order for goods. As soon as the firm gets the order it hands the name and address to a so-called rating agency, and this rating agency at once writes a half-dozen or more Fort Wayne merchants, inquiring about the habits, character, ability to pay, etc., of the applicant for credit, in order that the house may know whether it is or is not safe to ship the goods. Most of those thus sending to Chicago to buy goods on credit are persons whose rating in Fort Wayne is so bad that they cannot buy, except for cash, of our home merchants; but not all are of that class by any means. It has occurred to us that if these people of good credit understood the wide and not altogether favorable publicity these Chicago houses are giving them right here in Fort Wayne, they would be very slow to expose themselves to it.

One of these many rating companies styles itself "The National Statistician," and has been sending a lot of its inquiry sheets to various Fort Wayne merchants. We received one the other day, making inquiries about one of our customers, asking an immediate reply, as the goods were being held up by the house selling them, pending the receipt of the information asked for.

Instead of answering their letters we wrote the following one to the person on whom the report was asked. In this advertisement we will call him John Doe, although that was not his name:

Mr. John Doe, Fort Wayne, Ind.

Dear Sir—A Chicago credit rating house has written us, and other Fort Wayne merchants, asking that we make them an extended personal report upon you, in order that they may tell Chicago installment houses whether it is safe to sell you goods on credit. Among other things they ask us is—your occupation; how long you have been in your present position; how long you have lived in this city; what is your nationality; what is your color; what your age; whether married or single; how many children you have; what your weekly earnings are; do you gamble; do you speculate; do Fort Wayne merchants consider you worthy of credit; if so, for how much; what your reputation for paying your debts; do you own any real estate, and what are your general habits and character.

If we were willing to spend a half day of our time to intelligently and faithfully answer these question, it would involve an interview with your employer and a wide inquiry among your neighbors, associates and acquaintances as to your habits, character and financial ability, that we think would be exceedingly distasteful to you, and liable to cause suspicion and comment. We have therefore made no reply to the letter of this rating agency, believing you would prefer to have us take that course.

One word more: We do not know what line of goods you are endeavoring to buy of Chicago houses on the installment plan, but let us in all kindness and good nature tell you that there isn't any line of goods that you cannot buy cheaper in Fort Wayne than you can in Chicago, and by buying here you will also have the satisfaction of knowing you are building up and not pulling down the town in which you earn your living. We want you to join with us in being for

"Fort Wayne With Might and Main."

Sincerely yours,

D. N. FOSTER FURNITURE CO.

Bueter—Rupp.

A quiet wedding of today which is of interest to many friends of both bride and groom, both in the city and in the county, was that of Miss Anna M. Rupp, daughter of Mr. and Mrs. John Rupp, of 427 East Creighton avenue, and Mr. John A. Bueter, of Cleveland, a son of the late Mr. Frank H. Bueter, of New Haven. Only members of the immediate families and a few friends witnessed the ceremony, which took place at St. Peter's Catholic church at 7 o'clock, with Rev. Michael Aichinger celebrating the nuptial mass. The bride was attended by Miss Stella Bueter, of New Haven, a sister of the groom, and Mr. John Rupp, a brother of the bride, attended the bridegroom. The bride looked very pretty in a stylish cloth suit of ashes of roses color, with white lingerie waist and a hat of the same coloring as the dress. The bride carried a prayerbook with a marker of maidenhair fern. The bridesmaid wore a handsome gown of white cloth and messaline combined and a white hat trimmed with pink roses, while her bouquet of pink carnations lent a further touch of color that was very becoming. After the marriage service the bridal party and the nearest relatives partook of a breakfast at the home of the bride's parents. This afternoon the bride and groom left for Cleveland, where they will go to housekeeping at 1327 Ninety-third street. For traveling the bride wore the suit in which she was married. Mr. Bueter is traveling claim agent for the New York Central lines, a position he has risen to by reason of his ability and strict attention to business. He is well known in this city and in New Haven, which is the home of the Bueter family, and has many warm friends. The bride is a bright and capable young woman and a popular member of the young people's societies of St. Peter's church.

STUNNING DRESS HAT.

POSED BY MISS McCOY OF THE JOLLY BACHELORS CO.

This striking hat, with the upturned brim, is not only decidedly chic, but is dressy, for the handsome, long, white, willow plume that drapes the hat from front to back gives an air of elegance that is accentuated by the Persian ribbon that is laid in folds around the crown.

HAS NEW WAR BALLOON.

French Army Constructs Dirigible of Great Speed.

Paris, May 3.—The surprising announcement was made today that there has been constructed under the direction of the war department and with strict secrecy a dirigible balloon of the semi-rigid type capable of a speed of eighty kilometers (approximately fifty miles) an hour and that the machine would be ready for participation in the approaching summer army maneuvers.

The new military craft has been named the "Fregate." It measures 3,200 cubic meters and has two cars within which are contained motors designed to develop 240-horse power.

Since the discovery was made in Canada, a year or so ago, that the muskrat could be treated and dyed to imitate seal so nearly as to avoid detection, the price of its pelts has doubled.

Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier and a fault finder.

A sound stomach makes for good citizenship as well as for health and happiness.

Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of

Dr. PIERCE'S GOLDEN MEDICAL DISCOVERY. It builds up the body with sound flesh and solid muscle.

The dealer who offers a substitute for the "Discovery" is only seeking to make the little more profit realized on the sale of less meritorious preparations.

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth bound. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

BEST POSLAM ADS NOT PRINTED

Yet More Extensive and Far Reaching Than All Others.

The best advertisements for poslam, the new skin remedy, are those which never see the light of publicity in newspaper columns. They are the words of recommendation passed to others by thousands of persons who have experienced the most remarkable cures of eczema and every variety of skin disease through its use. Because it has thus justified every claim of its discoverer and the expectations of its users, poslam enjoys a sale larger than that of anything yet offered for skin troubles.

Those benefited know the marvelous efficiency with which it effects complete cures in two weeks, stopping all itching with very first application. Acne, tetter, salt rheum, piles, scaly scalp, crusted humors, barber's and all other forms of itch yield to it readily. Blemishes, such as pimples, red noses, muddy and inflamed skin, disappear when treated with poslam, the complexion being quickly cleared.

All druggists, including Meyer Bros. Co. keep the 50-cent size (for minor troubles), as well as the regular $2 jar.

But no one is even asked to purchase poslam without first obtaining a sample package, which will be sent by mail, free of charge, upon request, by the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

AN EARLY ROMANCE OF KENDALLVILLE

The First Two Settlers, David Bundle and Mrs. Frances Dingman, Figure in It.

[Special to The Sentinel.]

Kendallville, Ind., May 3.—Two of the most interesting characters in the early history of Kendallville were David Bundle and Mrs. Florence Dingman, the former its first and the latter its second pioneer settler, and while comparatively little is known concerning either of them the early residents preserved enough of facts to give the story of their lives quite a tinge of the romantic.

Mr. Bundle came to what is now Kendallville in the autumn of 1832. At that time this was a forest-covered country, the home of the deer, the bear and the wildcat, while close by, along the streams, were the huts of the Pottowatomie Indians. White hunters had tramped its forests, but none of them had located here to make it their home. This fame, the first to make Kendallville his home, belonged to David Bundle, who seemed to be a peculiar character.

Built First Cabin.

Where he came from early pioneer residents do not seem to have known—"probably from Ohio somewhere," they say. He built for himself here, along one of the Indian trails that led to Fort Wayne, a round log hut, cleared a space of forest in its vicinity, and made it his home, spending much of his time in hunting.

He is described as having been an awkward specimen of humanity, over six feet tall and lean, flowing locks of hair and a long beard, a sure shot, and knowing how to wield an ax well—a man who had little to say about his past history.

The path along which he had built his cabin was one that led to Fort Wayne, where the land office was established. Many travelers passed it on their way there and Bundle, to earn an occasional few shillings, hung out a sign that they could find refreshment there and lodging over night.

Widow Dingman Arrives.

Thus he lived for several months, until the early fall of 1833, when Mrs. Frances Dingman, with six small children, stopped at his rude home. She had come from Fort Wayne, where her husband had died only a short time before, the family being en route to this section of the country, where Mr. Dingman had purchased a government claim, apparently the identical tract on which Bundle had located.

It may have been that Bundle was a squatter. But whether this is true or not it was not long before Mrs. Dingman had legal possession of the tract, eighty acres in section 33, on which Bundle had located. Different stories are told as to how she secured it. One is that she gave him a small amount of money for his "squatter's claim" and that soon after Bundle left for another part of the country.

The other story is that the two got married as a sort of compromise of their respective claims to the land and continued the traveler's inn, she conducting it and, with the aid of her children, raising the crops while he gave his time to hunting, taking trips to Fort Wayne to sell his furs.

Bundle Disappears.

At any rate, Mrs. Dingman secured possession of the land and continued the conduct of the traveler's inn and in time Bundle disappeared. Where he went later residents did not know. It is said that nothing was ever heard of him afterwards.

Mrs. Dingman appeared to have considerable money. She certainly had business tact, for in a few years she had quite a tract of land cleared and, in 1836, had a saw mill in operation on it. Then in 1837 she was married to Truman Bearss, "after a brief courtship," is the way the local historian writes it.

Then a frame house was built, the first frame house erected in Kendallville. It is yet standing, being located on Oak street.

One of the daughters of her first marriage, Elizabeth Dingman, married Oliver Ferker. The sons married also and today the Dingman and Ferker families are among the best known and highly esteemed around Kendallville. The Ferker-Dingman family reunion is an annual event which the local newspapers always write up elaborately.

Decatur, Ind., May 3.—At the semi-annual meeting of the Adams county board of education yesterday a resolution was passed that no married ladies would be employed to teach the schools of this county during the next school year.

The fourth annual county commencement was set for June 9 at Geneva, each corporation to bear the expenses of said commencement.

A. C. Augsberger, of Berne, who has served for two years as truant officer, was re-elected.

The advisability of adopting new high school text books was also brought up for consideration, but decision was deferred until the next meeting.

FIRE AT PLEASANT MILLS.

Decatur, Ind., May 3.—A $2,000 fire, origin unknown, occurred at Pleasant Mills, a little town southwest of this city, yesterday, destroying the one-story building owned by David Meyer, and occupied by the Harry Daniel restaurant.

GORED TO DEATH BY A FEROCIOUS BULL

Animal Turned on His Tormentor and Gored and Trampled His Life Out.

Warsaw, Ind., May 3.—Attacked by a bull he had repeatedly stoned, William Swalley, aged 58 years, an inmate of the Kosciusko county infirmary, was Sunday afternoon gored to death by the dehorned animal.

The fatality took place a short distance from the infirmary building where the animal had been corralled. Swalley strolled to where the bull was standing and picking up a stone hurled it at the animal, which gave no heed to his presence. He sent another stone in the direction of the animal and this one reached its mark. The bull slowly but deliberately worked around to a point near where Swalley was standing, then ferociously dashed at him.

The victim was knocked down and gored time and again, while several helpless inmates of the institution looked on unable to assist and frightened to such an extent that for a time they were unable to summon help. After rendering Swalley helpless the animal trampled upon him and literally tore the ribs loose from his body.

NEW COUNTY ATTORNEY.

Warsaw, Ind., May 3.—T. Wayne Anglin is to succeed A. G. Wood as county attorney. The contract for Mr. Anglin to sign was ordered prepared Monday afternoon by the board of county commissioners. Mr. Wood resigned when the board cut a bill for $37 to $20. He has filed an appeal for the $17 and the hearing will be had in the circuit court.

SUIT FOR BLACKMAIL.

THE SOUND SLEEP OF GOOD HEALTH

Is Not for Those Who Suffer from Kidney and Bladder Ailments.

Sleep, sound and plenty of it, is one great necessity of health. Any ailment that prevents your sound natural sleep must be cured at once or you will lose your good health, your strength, your vigor, your ability to do your work easily and naturally and your interest in your family and friends.

Kidney diseases and irregularities of the bladder and urinary organs are one great source of sleeplessness, and these must be cured or your health will be undermined and your life in danger.

Foley Kidney Pills

Give first a quick relief and then a permanent benefit for these troubles. They are very carefully compounded of ingredients specially selected for the cure of all disorders of the kidneys and urinary organs and they are besides strengthening, healing and anti-septic and tonic in quality and action. If you have aching pains over your hips and in your back with a soreness through your kidneys, if you are compelled to get up many times during the night, thus losing your sleep, and if you have a painful and burning sensation, then you need Foley Kidney Pills. If there is a cloudy or milky voiding, with floating particles or a brick dust sediment, or if there is a sand-like substance passed, then you need Foley Kidney Pills. If you are nervous, have dizzy spells, especially in the morning, with specks before the eyes, then do not delay longer, as all these symptoms show a disordered state of the kidneys and bladder, which must be cured before you can regain health and strength.

Do You Know Why You Have These Ills?

Because the kidneys whose sole duty it is to get rid of the waste matters that poison the system are diseased, are not working properly and these poisonous matters are carried back through the system by the blood and upset the entire organization. Remember that we cannot live without the kidneys and serious kidney disease amounts to pretty near the same thing as cutting out these organs since they are of little use if not healthy. They cannot be replaced, and they must be given the substance necessary to restore them, build them up and put them again in their natural condition and in their regular working order. Foley Kidney Pills will do this. They have helped others and they will help you. Read how they restore health and strength.

J. L. Southers, clerk at the Eau Claire House, Eau Claire, Wis., says:—"For a long time I have been unable to sleep soundly nights, because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was very much run down. I have been taking Foley's Kidney Pills but a short time and now sleep as sound as a rock. I eat and enjoy my meals, and my general condition is greatly improved. I can honestly recommend Foley Kidney Pills as I know they have cured me."

Captain A. H. Bogardus, the world famous rifle shot who holds the championship record of 100 pigeons in 100 consecutive shots is conducting a shooting gallery at Lincoln, Ill. Recently interviewed, he says:—"I have suffered a long time with kidney and bladder trouble and have used several well known kidney medicines all of which gave me no relief until I started taking Foley Kidney Pills. Before I used Foley Kidney Pills I was subjected to severe backache and pains in my kidneys with suppression and oftentimes a cloudy voiding. While upon arising in the morning I would get dull headaches. Now I have taken three bottles of Foley Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and once more feel like my own self. All this I owe solely to Foley Kidney Pills and always recommend them to my fellow sufferers."

AN UP-TO-DATE STOVE

Do you realize there is no longer any reason why you should use a coal range? Oil is cheaper than coal; it is lighter and easier to handle, and gives an intense heat. Provided you have the right stove, oil is more economical, cleaner and less trouble. Have you seen the

New Perfection WICK BLUE FLAME Oil Cook-stove

The accompanying illustration gives you only a rough idea of its appearance. You really can't appreciate it until you either use it yourself, or talk to someone who has used it. It does everything that a coal range will do—except heat the room. The New Perfection Oil Cook-Stove will do anything, from heating a kettle of water to cooking a course dinner, but it won't heat a room. It doesn't "smell," it doesn't smoke. It can't get out of order. Light it and it is ready. Turn it down and it is out. Only a woman who knows the trouble of carrying coal and cooking in a hot kitchen can appreciate what it means to have a clean, perfect stove that will cook anything, boil, bake or roast, and yet won't heat the kitchen. How is it done? The flame is controlled in turquoise-blue enamel chimneys, and directed against the bottom of pot, pan, kettle or oven, and only there. The flame operates exactly where it is needed—and nowhere else. With this stove your kitchen is cool.

Cautionary Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

The nickel finish with the bright blue of the chimneys makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Central League Players Start Out On Their Sprint for First Place

Season of 1910 Will be on When the Umpires Call Play in Four Cities Tomorrow Afternoon If Weather Permits.

THE SCHEDULE.

Fort Wayne at Zanesville. Dayton at Wheeling. South Bend at Evansville. Grand Rapids at Terre Haute.

Managers Are All in the Same Old Hopeful Mood That Finds Them at the Start of Every Year.

Weather man willing the Central league players will start out on another pennant chase tomorrow afternoon with every manager on the circuit confident that he has strengthened his team and by the end of the month all will have had a swing around the circuit, will have found where they are weak and will then begin the task of building up to the standard of the leaders.

Most every manager has followed that antiquated custom of bespeaking himself a pennant and none has been too modest to stake off a claim in the second division but these preseason predictions are the most ridiculous looking things imaginable about the middle of July and to get right down to pins and tacks most of them are not on the level.

Experienced baseball writers seldom take up the trouble to hunt up managers for an interview of this kind. They know what they will say and they generally write it and send it out to be printed and if the manager gets hold of the paper he knows what he has said and if he doesn't he never knows.

Inexperienced writers get it something like this:

Scene—Baseball field. Baseball players batting and bunting and running bases. Busy manager watching every move. Aspiring young person appears with tablet and pencil.

A. Y. P.—"Say, the Evening Holler wants an interview about your prospects, what do you want to say?"

Manager—"Oh, any old thing, kiddo. What 'tell do you care? Win the pennant? Sure thing. You know the kind of dope they want. Let it go at that."

This generally appears in a half column or so of interview as an expression of the manager on his belief of how the team will stack up alongside the others on the circuit.

Two New Managers.

Jimmy Burke and Eddie Wheeler are both new to the circuit or rather both are new as managers. Eddie Wheeler used to play in Dayton and most everybody has heard of Jimmy Burke who has been a live wire in baseball for many years. This same James is the strength that has been added to the home team and the other managers will find they have a real warrior to go against when they tackle him. He may not win the flag as the chances are just seven to one against him this afternoon but he will make the fellows who win from him hustle for every score they get.

Eddie Wheeler is a good ball player, a clean, gentlemanly fellow and has been in the game long enough to get a good insight into its finer details. Bert Annis lugged off a choice lot of his players to the Grand Rapids team leaving three old pitchers, three outfielders and one infielder.

The manager, himself, will supply one of the infield vacancies and he has in John "Buck" Connors an old head who is good enough for the Central league if he has not gone back any since he graduated from the ranks to Class A, where he stuck several years. In Ben Koehler he has a good, hard-working player and a man plenty good enough for the company.

At short he has McCarthy, a college lad who has been a whirlwind at Notre Dame. He will be placed with four old heads around him and if he has any natural ability he will learn the game and will not be apt to blow up. The pitching staff is problematical and if Coffey and Kroy are as good as they were last year and Midge Craven takes care of himself and plays the ball he is capable of the outfield will be as good as it was last year. Ed. Smith, Elmer Moffit and Pat Lindsay, of the old pitchers are left and Bob Wells will probably be the mainstay behind the bat.

New Men at Dayton.

Charles "Punch" Knoll took hold at Dayton during the winter and began building up and to his infield which was bad last season, he has added Sykes at first, Stark at short and Craig at third and switched Nee to second. He will play in the outfield and will strengthen it and with him will be Nally and Bobby Grogan, both of whom were on the job last year.

Clyde Wacker, Justus and Neuschafer will be the mainstays in the pitching department and if Wacker is as good as he was in 1908 the staff is stronger. Martin, bought from Columbus, with a young understudy will form the backstopping end of the aggregation.

Had to Build Up New.

Aggie Grant, who bought the Evansville franchise is a good baseball general, a daring player himself and has always been able to get good results out of mediocre players. When he purchased the franchise he got a good catching staff in Forest Cady and Dick Grefe and he is well fortified behind the bat. His pitching staff is a problem. He has added Buck Sterzer, who was with Grand Rapids in 1908 and he has Billy Cristall, Covington Doty and Dugger, left over. At first base he will try Sheldon Lejuene, who has been up and back. At second he will be found and he can play the position. At short he has Hadly, a recruit from the Southern Michigan league, and at third Veteran Lil Sager. His outfield is new and is made up of Carl Centilvre, a Fort Wayne boy, who has been looking good in practice, Flournoy and Snyder, the latter bought from the Columbus, O., team.

Montgomery's Big Task.

Ray Montgomery lost two good infielders and they will be hard to replace and his best pitcher is also gone. Last season he started with a team that didn't look like it would be a good last and he made Bill Phillips' high priced aggregation hustle for the pennant. In sizing up the Athletics Montgomery has to be reckoned with. He got Joe Connolly and Kenworthy of his last year's pitching staff and is building up from them.

This means three youngsters on his hurling staff. He is pretty well fixed behind the bat with O'Brien and Holmes and he has two of his old outfielders with Hugo Swartling at first and Joe Herold at third. Both are good men. At short he has Ned Crowder, last season with Evansville, with Campbell, a new man at second. The manager, Bill Hillinger and Gilbert are carded for the outfield. Gilbert replaces "Lefty" Houtz who was let go. If Montgomery can repeat he can be counted on for a bruising fight.

Phillips in Good Shape.

Bill Phillips lost two good men in Bill McKechnie and Johnny Fisher. He has Bob Tarlton back at first, Benny Jewell on the shortstop job, Bisland, of last season's outfield, at second and Neblinger and Graf for third.

He also has Milo Stratton for his first catcher and Stanley and Frayley to select an understudy from. Either will probably be as good as Krebs. His outfield is entirely new and is composed of Tate, secured from Louisville, Sentz obtained from Chattanooga and Dolly Gray. In Doak, Patton and Compton he has three young pitchers. He has Humphries, owned by Pittsburg, himself and Barney Wolf for the others with another tryout or two. On paper his team looks good.

Came Out of It.

At the last minute Louis D. Smith and Cuppy Groeschow realized that a team none too good for a second division berth last season could not be expected to win a pennant this season so Smith went out to St. Louis and got Courtney, an outfielder, along with Barkwill, a new infielder.

Groeschow, Somerlott, Murray, McDonald, of last year's infield, are on the jobs and George Wheeler was left over from last season for the outfield. Curtis has been playing the outfield and so has one Adolff. Behind the bat are Goes, Hogan and Brennan, while Asher and Remis, of last season's pitching staff have both gone wrong. This leaves only Rudy Summers, the speedy left hander, to build up from.

There Are Many Changes.

At Grand Rapids there are many changes. In the first place Bert Annis took Abe Martin, Cy Alberts and George Tieman from the old South Bend club. Manager Joe Raidy disposed of Bill Bailey and Wilkie Clark and has Millerick to assist Tieman behind the bat.

He still has Kihm at first, Nick Kahl at second, will play short himself and has Danny Sheehan at third. To his pitching staff has been added Larsen and Jacobson. Lee Foy, Sam McNiece and Kehoe are in the outfield. Judges think the club is stronger.

This is just an attempt to give some sort of a line on the Central league teams that will start tomorrow. Base ball is full of mishaps and unexpected developments and forecasts are not worth much at best.

JEFFRIES SURE HIS FIGHT WILL BE WINNER

Says He Will Lick Johnson as Sure as the Sun Rises.

Ben Lomond, Cal., May 3.—"I'm going to lick Johnson sure. I may be disappointed, but I feel it in my bones I'll win. I'm going to be like a greyhound if I have no bad luck while training. At the rate I'm going I'll go into the ring at 215 pounds. Talk about being fast! I'll carry Johnson along at a clip that will make his head swim."

So spoke Jim Jeffries last night, voluntarily and out of the exuberance of high spirits. The big fighter, aglow with vitality and brimful of confidence, came out with that statement in a burst of confidence that caused his hearers to wonder.

"Jeff's getting garrulous," was the comment of the camp. And there was cause for the remark, for as a rule Jeff is as taciturn as a pedagogue with the mumps. Nevertheless, his attendants were highly pleased. "He feels it or he wouldn't say it," they said.

With his back healed, his blood in good condition and only a bit of stiffness remaining in his shoulders and which he gradually is eliminating by a daily row on the river, Jeffries is showing much zest now for hard training and the month of May will likely see severe and unremitting work at Ben Lomond. One other interruption to the fighter's activities is scheduled—his trip to Oakland to fetch his wife. Mrs. Jeffries is reported to be fully recovered from her illness and that fact has had a markedly stimulating effect on him. Jeff has so arranged his trip that he expects to lose thereby only half a day's work.

WILL POST FORFEIT TODAY.

San Francisco, May 3.—Preliminary arrangements for the Jeffries-Johnson fight prescribed by the articles of agreement are being rapidly disposed of and unless the anti-prize fight movement in this state, accelerated by the Tommy McCarthy ring fatality, assumes proportions alarming to the promoters of the big contest no hitch is anticipated.

This was a busy day for Promoters Rickard and Gleason and for the managers of both fighters, the business on hand being the depositing of $30,000, the second installment of the fight forfeit and a conference relative to the selection of a referee.

Jack Johnson is taking things easy at his beach training quarters, and probably will not engage in heavy work until the latter part of the week. He is getting his training staff together. Joe Cotton and Dave Miller are with him now and he is said to be dickering for the services of "Gunboat" Smith.

PRESIDENT DRAWS A MOB TO FORBES FIELD

Mr. Taft Sees Cubs Walloped by Champs—The Scores.

President Taft proved yesterday at Pittsburg that he is the true hoodoo for the Cubs when he witnessed a performance at which Chance's bearlets went down before Fred Clarke's champion troupe before 20,000 people attracted by the fact that the greatest rivals in the National league were to meet and that the president of the United States, Secretary of State Philander C. Knox and Count Von Bernstorff, German ambassador were to be present.

Adams and McIntyre were started in the fray for the Pirates and Cubs respectively, but both were yanked before the game was over and Lielield and Pfeffer substituted. Mr. Taft's presence on two former occasions witnessed defeats of the Cubs and he repeated yesterday with a score of 5 to 2.

McGinnis, a local umpire, was used at Cincinnati and after the Reds had made five runs in the opening inning, Roger Bresnahan shifted his Cardinals about and made a farce of the game. He protested against the umpire and Garry Herrmann protested against Bresnahan's actions. The score was 9 to 4 in favor of Cincinnati and marked a victory for Jack Rowan.

Moran stole home with what proved to be the winning run in a game between Boston and Philadelphia. Collins sent in three runs ahead of him with a homer in the third and eleven runs were scored by the two teams in the round.

Christy Mathewson came near reaping a no-hit game at Brooklyn and won his game over New York, 6 to 0. The scores:

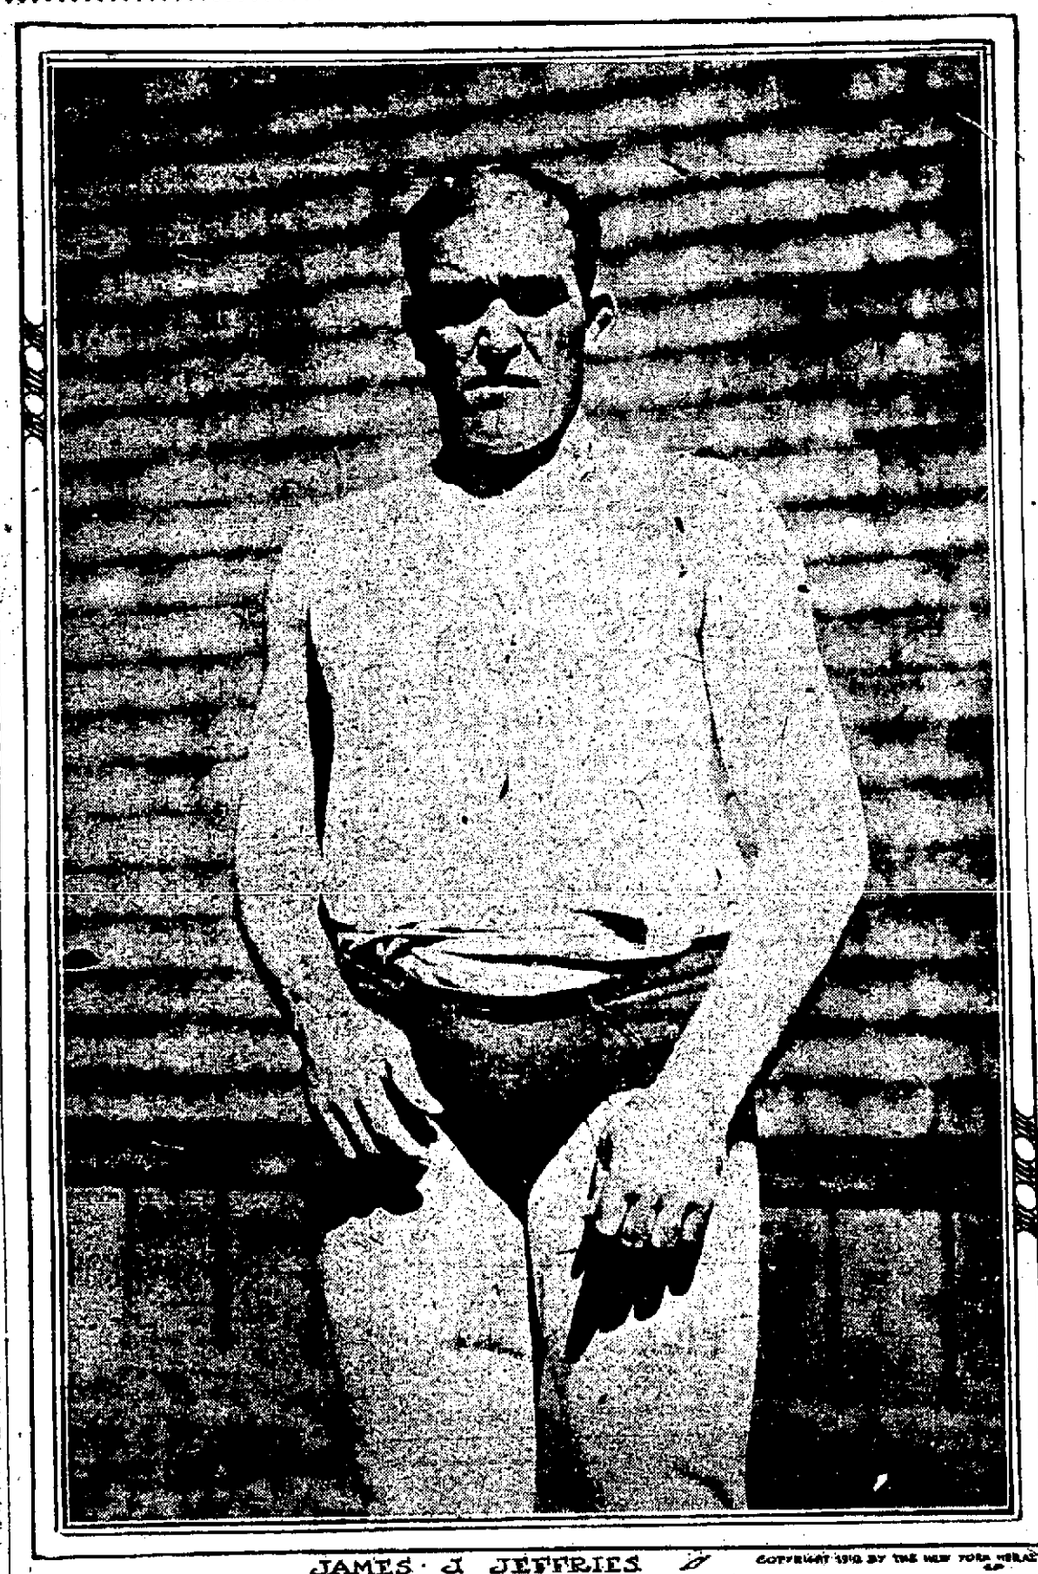
A New and Striking Picture of James J. Jefferies in His Newer Condition.



JAMES J. JEFFRIES COPYRIGHT 1910 BY THE NEW YORK HERALD

This is a striking photograph of James J. Jeffries, as he now looks, after several weeks of hard work at his training camp. The giant boilermaker, it will be noted, has lost his paunch and is gradually getting down to his old time fighting shape, all of which threatens danger to "Jack" Johnson on July 4, next. The unique thing about the picture is that he has not the "pleased expression" about his face.

M'CARTHY WINS HIS GAME FROM THE TOLEDOS

Seven Hits Made Off His Delivery—The Other Games.

Tom McCarthy worked through the whole game at Indianapolis and went into the eighth inning with Toledo hooked up, but his pards came to the rescue in the round when Kirsch went to the bad and issued a couple of passes. This ruined his chances as three hits were mixed in and three runs resulted, giving the game to the Browns by a score of 3 to 2.

Columbus won the final game of the series from Louisville in the ninth inning by a batting rally. Richter was hit hard, while Sitton was effective in the pinches. Higginbotham replaced Richter in the final inning and allowed the visitors to tie the score on a wild pitch. O'Rourke's home run then sent three more runs over the plate. Woodruff also made a home run which was a feature.

GUENTHER HAD SECOND HIGH.

Player on H. O. Team Next High in Averages.

Guenther, one of the players on the H. O. team of the second Brunswick league, is entitled to second prize for high average in three games bowled in one night, a fact that was overlooked in making up the averages. In one series during the season he bowled 212, 203 and 237 and made an average of 217 1-3. Last night Treasurer Ben Ungemach paid off all of the winners who applied at the alleys and the business end of the league is being settled up in a most satisfactory manner. There were a number of disputes but all have been disposed of and grew out of the interest and enthusiasm which was most marked during the entire year.

NINTH INNING GOES WRONG FOR THE RED SOX

Athletics Rally and Salt Away Another Game—The Scores.

Cicotte had held the Athletics safe for Boston up to the ninth inning when Mack's men fell on him and drove him from the rubber and when Wood was substituted he pitched only to Collins who hit for two bases and sent in two runs that won the game. In all Philadelphia piled up fourteen hits off the two pitchers, Eddie Plank is in good form and with good support would never have been in danger, but three errors behind him made it a hard game for him to win.

The Detroits and Chicagos were idle and this put the Tigers in second place as Philadelphia got the game needed to send the club to the top of the heap.

Cleveland won from St. Louis and made it three straight, but it required eleven innings to decide the battle which was a pitching duel between Stremmel and Linke.

Stremmel's downfall came when he passed Lajoie and was hit by Easterly and Lord for a single and a double respectively. The scores:

At Philadelphia—										R.	H.	E.

Carried Ball Under His Arm and Made a Home Run

The Southern league furnishes a story of a home run hunt that won a game. It seems that there was a man on first and that the batter was instructed to lay down a hunt. He put a roller toward third; the first baseman covered first. Everybody saw the ball on the way. It hit the baseman's glove and disappeared. When the hunt for the ball began the first runner was hugging second, while the batter overran first and stumbled and fell out in right field.

He quickly got up, retouched first, ran to second and persuaded the other man to run home ahead of him with the winning run. Everybody though the ball was lost in the grass, and finally it was found in right field. How it got there was a mystery until the man who hit the hunt explained. It appears that the ball had bounced from the second baseman's glove and bounded up under the runner's arm as he sprinted past the bag. The runner closed his arm down tight, kept on running, gave a stage fall out in right field and left the ball there.

* * *

Before the season opened last year baseball fans were discussing the refusal of Hans Wagner to sign for another year. The late Harry Pulliam made a visit to Pittsburg to see the big German. Mr. Pulliam finally folded up the blank contract and put it away in his pocket, with the remark:

"I'm sorry, Hans. A lot of other people will be sorry, too."

"Oh, it isn't Dreyfuss I'm thinking about," said Pulliam. "There are other people who will feel worse over your going than Barney."

"What people?" asked Hans innocently.

"Why, a lot of fellows who work in the mills around Pittsburg," said Pulliam. "Those men work hard, Hans, every day in the week, and they don't get much money, either. But when Saturday comes those fellows are all out at the ball park—on the bleachers. About the only fun those fellows have in life is to get out to the ball park on Saturday afternoon and see Hans Wagner hit that ball. * * * It will be kind of tough if they miss that, won't it— * * * The only bright spot in the week?"

"Hey!" broke in Hans, gruffly, "gimme that contract, I'll play!"

WALTER MILLER AND ED PFEFFER IN OPENER

Manager Burke Thinks One of the Pair Will Open Season.

"I don't know who I will pitch in the opening game, but I think either Walter Miller or Pfeffer," said Manager Jimmy Burke when he left for Zanesville with his troupe of ball players for the first fray tomorrow afternoon.

The party included the manager, Secretary Bert Dennis, Bailey and Quelsser, catchers; Pitchers Alberts, Miller, Pfeffer, Robertson, and Huffman; Infielders Gainer, Donahue and Justice; Outfielders Blount, Young and Patterson, and Manda for utility.

That little can opening episode in the Corns family put the only portside hurler on the shelf for a few days. The rough edge of the can cut a crescent-shaped wound around the point of the second finger of the flinger's left hand and it is the one spot at which a rather insignificant injury proved serious. He can not grip the ball properly and can't curve one until the member is entirely healed. For this reason Corns will be left home with McDermott and Stanley and will be captain of the hawks in the practice. He will be all right by the time the club gets back from the trip.

The opening swing includes four games at Zanesville, beginning tomorrow and on Sunday the club will be at Wheeling for four more. After those are over the players will hike back home to open here one week from Thursday.

FOR MORE THAN THREE DECADES

Foley's Honey and Tar has been a household favorite for all ailments of the throat, chest and lungs. For infants and children it is best and safest as it contains no opiates and no harmful drugs. None genuine but Foley's Honey and Tar in the yellow package. Refuse substitutes. Dreier Bros.

SPORTING NEWS IN TABLETS

Robert Lincoln Lowe, erstwhile manager of the Grand Rapids baseball club, is being given heaps of credit by Detroit fans for his keenness and ability in picking the Tiger recruits for this season. The men whom Lowe recommended to the Tiger club have shown exceptionally well this season, among them being Chick Lathers, Perroll, Stroud and Simons.

Grand Rapids Press: Joe Raidy solved the problem of what two men should constitute his catching staff more quickly than was expected and the move finds Bill Bailey, peppery backstop and first-class bass singer, now a bona fide member of the Fort Wayne club. It often has been remarked among the players that if Bailey could paste the ball more consistently he never would stay a season in the Central league. As a throwing catcher and one who works with confidence and gives confidence to the pitcher, Bill is A1, but his fault has been that he has not been able to bat. At that Bill may turn around and hit creditably this season.

All of the players of the Dayton team are comparative youngsters and outside Cy Clyde and Punch Knoll none will admit he is over 25. Knoll confesses to that age and a little bit more.

Ad Wolgast has given the gloves with which he won the lightweight championship from Bat Nelson in San Francisco on February 22 to Mrs. T. W. Dinkins, chairman of the burlesque booth at the actors' fund fair. Wolgast has consented to assist in auctioning them off himself. They will be on exhibition during the first three days of the fair and bids will be taken the last three days. The fair runs throughout the week of May 9 at the Seventy-first regiment armory.

"Lil" Saeger, Evansville third baseman, says to watch "Tex" Covington this season. Saeger has been in baseball long enough to know a good pitcher when he sees one.

Outfielder Magie, last season with Wheeling, has announced his retirement from baseball. He broke into it in 1898 and at one time played in the outfield for Syracuse with Schulte and Mike Mitchell.

President F. R. Carson will go to Wheeling to see the opening game of the eighth Central league season. From Wheling the president will go to Zanesville, from there to Evansville, and then to Terre Haute and back home. At Wheeling he will see Dayton, at Zanesville he will see Fort Wayne, at Evansville will be the Bronchos, and at Terre Haute will be Grand Rapids.

Evansville Courier: Centilvre out in right field pulled off a neat catch in the ninth when he grabbed Brennan's drive down at his shoe strings. He made a quick return to first but it wasn't fast enough for a double. Veatch handed him a few on balls and strikes. That boy looks good and will do some binging before the season is over.

NOTESTINE DID NOT APPEAR IN THE COURT

Plea of Guilty Entered and He Was Fined—The Other Cases.

Joe Notestine did not come, he just sent his money. When his case was called in the city court this morning Chief of Police Ben Elliott entered a plea of guilty to the charge of selling liquor on Sunday and Judge Mungovan announced a fine of $25 and costs and that's all there was to the lid-tilting affair.

"Booze" Crocker was there all right and kept his promise to be back to appear as a witness. He was not needed, however, as no testimony was taken.

Three lads, who came here from Logansport just for a little ride and who were way out on Melita street at 3 o'clock this morning chasing about, excited suspicion of Sergt. Louis Linker and he took them to headquarters for loitering. They gave the names of Herbert Anderson and Earl and Russel Smith and said that two of them came here to help the other look for work. They gave pretty good accounts of themselves and the judge let them go, but admonished them to hike back home.

Abe Moloer was fined $5 and costs for drunkenness and Jack Helmick and Nelson Blakely each drew $1 and costs for the same offense.

James Kelly and Charles Walker, held under a vagrancy charge for investigation, were let go.

FEWER HOURS AND LESS BEER.

Conditions of Eight Hour Day in Washington Breweries.

Washington, May 3.—Brewers in this city have conceded to their employes an eight hour day. In return the employes have agreed to take not more than two drinks of beer during the eight hours. No wave of temperance reform on the part of the breweries' management, however, is responsible for this but the wish to get a full measure of work out of the employes. Before and after working hours it is agreed the employes may drink all the beer they want.

COMMANDER JULIUS A. PRATT POST NO. 143, DEPT. 111, G. A. R.

Mr. Isaac Cook, commander of above post, Kewanee, Ill., writes: "For a long time I was bothered with backache and pains across my kidneys. About two months ago I started taking Foley Kidney Pills and soon saw they were doing just as claimed. I kept on taking them and now I am free from backache, and the painful bladder misery is all gone. I like Foley Kidney Pills so well that I have told many of my friends and comrades about them and shall recommend them at every opportunity." Dreier Bros.

TO THE PUBLIC.

I desire to say that when I took the agency for ZEMO, it was after a thorough investigation as to the merit and curative properties of this remedy for eczema, pimples and dandruff. I frankly admit, ZEMO has far exceeded my expectations as a cure for skin diseases. I am pleased to state that I shall continue the agency as ZEMO gives the best satisfaction of any similar remedy I have ever sold. My customers like ZEMO because it is a clean, vegetable liquid for external use. ZEMO cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clean and healthy. It does not soil the clothing or linens and can be used freely on infants.

We will give a booklet on skin diseases and explain to any person how they can be cured at home of any form of skin or scalp disease by this clean, scientific preparation. Meyer Bros. Co., the druggists.

FAIL TO REACH SETTLEMENT.

Indiana Miners and Operators Fast in Deadlock.

Terre Haute, Ind., May 3.—Clinched in a deadlock, despite the combined efforts of International President Lewis and International Secretary Perry to relieve the situation, the joint conference of miners and operators held last night again failed to reach a settlement. The question up was in regard to an advance of outside wages south of the Baltimore and Ohio tracks. The miners insisted that the question be settled before they returned to work or left to a special joint committee. The operators refused to deliberate finally on this point until work should be resumed.

STRENGTH FOR A WEAK STOMACH

Read What a Cincinnati Woman Says About the Tonic Treatment That Brought Back Her Health.

Are you making the mistake of so many sufferers from stomach trouble by using predigested foods, digestive ferments and stimulating medicines in your effort to get relief from your trouble? If so this explains why you are still a sufferer.

To treat stomach trouble with stimulating medicines, which only force the stomach to work beyond its strength, or with predigested food and medicines, which require no work on the part of the stomach, not merely puts off the day for a cure but further increases the weakness of the stomach.

Almost without exception stomach trouble is caused by a general lowering of the vitality, either through overwork, indiscretions in living, or sickness. Impoverished blood and weak nerves result.

Dr. Williams' Pink Pills are the most direct cure for stomach trouble because they are a certain blood builder. Pure blood makes healthy nerves and strengthens the entire body. The weak stomach gets plenty of healthy blood and nervous energy, and perfect digestion follows.

Mrs. C. J. Knodle, of No. 3083 Harrison avenue, Cincinnati, Ohio, says:

"After my first child was born I began to suffer from stomach trouble and got no relief for four years. I could eat nothing but light foods and even these caused pains so intense that I can't describe them. My stomach would seldom retain much food and I was troubled with gas an awful lot. I was constipated and sick enough most of the time to be in bed but I wouldn't give up.

"My doctors didn't help me much. They said they could relieve me but did not lead me to expect a cure. I was telling our druggist one day about my case when he asked me to try Dr. Williams' Pink Pills. The pills helped me almost immediately and after I had taken a few boxes was entirely cured. I have never had any trouble with my stomach since and believe the pills will cure anyone, who is suffering as I did, if they are taken as directed. Dr. Williams' Pink Pills are the best and cheapest medicine I have ever taken."

Our free diet booklet will be sent upon request to any sufferer.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for $2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

TUBERCULOSIS CONGRESS.

State Laws Are Attacked by Speaker at Washington Meeting.

Washington, May 3.—Is tuberculosis caused by milk or meat, or infected from bovine sources? What is the best employment for tubercular patients? were the chief subjects discussed today at the session of the National Association for the Study and Prevention of Tuberculosis, now holding its sixth annual convention in this city. Dr. William H. Park, of New York, held that pulmonary tuberculosis among adults is not the result of impure milk or foods.

Dr. Adolphus Knopf, of New York, attacked the Nebraska law which requires indigent consumptives to submit to the serum treatment, and also the action of the Oklahoma state board of medical examiners, which forbids any physician to practice in the state if he is suffering or has suffered in the past from tuberculosis.

THE SAME STORY FROM FOUR DIRECTIONS

Many People Getting on the Right Track.

From the Fort Wayne Journal-Gazette: "Four people came to Fort Wayne, yesterday, from different directions, met at the same point, and told practically the same story regarding the great medicine, Root Juice. The gentleman from Van Wert, Ohio, said: 'Root Juice has been doing lots of good in Van Wert, the last six months, and the people of my town think there never was a medicine like it. Frank Boroff, the druggist, who has the agency, said it is a pleasure to sell Root Juice, as we never have to listen to complaints; on the contrary, many who buy one bottle soon return for more, and persuade their friends to try it. It is certainly a great tonic, and has done wonders for many who have suffered years with chronic stomach and kidney troubles.' The man from Columbia City said: 'It don't make much difference where you go you are sure to hear some one talking about Root Juice. Hundreds of people of my town have tried the remedy, and I haven't heard a single complaint. It certainly must be a great medicine, or so many people wouldn't be praising it so highly.' An old lady from Bluffton said: 'If you want to hear talk about Root Juice, go to Bluffton. I tell you our people are crazy about it. I heard Mr. Gutelius, our local druggist, say he never saw anything like it in his whole life. He said he had sold nearly 2,000 bottles of Root Juice within the past four months, and the people still coming for it, in crowds, and none were complaining, but nearly every one praised it, and told of some remarkable good it was doing.' The gentleman from Kendallville said: 'Don't tell me anything about Root Juice. If you want to hear about the wonderful cures this medicine is making go to my town, and call on O. P. Raber. He has sold the remedy to hundreds of people, and has heard them praising it for several months.'"

Such talk is very common these days at this point, as many local people who have tried the remedy are praising it to their friends and neighbors, and seem to have unlimited confidence in its merits. Much can be learned regarding the remedy at Bradley Bros.' drug store, 627 Calhoun St.

Outfitters

HAD GREAT CROWD AT SOUVENIR OPENING YESTERDAY.

Thousands of people, not alone from this city, but from the surrounding towns, flocked to the Outfitters' store yesterday and last night on the occasion of their souvenir opening.

The Fort Wayne Outfitters company has always been a liberal and judicious advertiser. Thus keeping in touch with the public, it has built up one of the greatest installment business enterprises in the state. Although this store has had openings of various kinds in years past, it provided nothing on quite as big and liberal a scale as the grand souvenir opening yesterday.

The opening yesterday was not even interrupted by the inclemency of the weather. During the hour when the rain was falling in torrents the people were still flocking in to take advantage of the special souvenir offered for the one day only and also to view the exhibits in the various departments of the store, presenting everything that is needed to furnish a home.

Each visitor received with the compliments of the store a pretty cut glass tooth pick holder or match safe.

HUDSON'S SHIP, THE "HALFMOON," IN THE HUDSON RIVER, FIND HENRY HUDSON

Henry Hudson, the discoverer of the Hudson river, like many of the early navigators, was anxious to find a passage to India. To accomplish this purpose he made three voyages to America, and it was while on his third voyage that he discovered the river which bears his name, and which, for a time, he believed to be a part of the passage he had so long sought for. He sailed into the mouth of the river in September, 1609, and ascended the river as far as the city of Albany before becoming convinced that he could not reach India in that way. Though an Englishman, he was at that time in the service of the Dutch East Indian Company, and for this reason the Dutch claimed all the territory drained by the river. Hudson made a fourth voyage to America, during which his crew mutinied and set him and his loyal companions afloat in open boats and all perished.

WYETH'S SAGE AND SULPHUR HAIR REMEDY

Grew a Full Growth of Hair on a Bald Head

Here's the Proof

For two or three years my hair had been falling out and getting quite thin, until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly, until now I have used four bottles. The whole top of my head is now fairly covered with hair and it keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

MASTER MECHANIC DAVIS RESIGNS

Purchases Interest in the W. T. Falconer Mfg. Company.

WAS WITH PENNSY THIRTEEN YEARS

Pillbox Furnishes Clue to Identity of Railway Victim.

A. C. Davis, for the past three years master mechanic of the Cleveland and Pittsburg division of the Pennsylvania, with headquarters at Wellsville, Ohio, has tendered his resignation, effective June 1. Mr. Davis has purchased the interest of the D. E. Merrill estate in the W. T. Falconer Manufacturing company, of Jamestown, N. Y., and will take an active part in conducting the business. The company manufactures hard wood rules, toys, tool chests and bookkeepers' supplies and does an extensive and profitable business. Mr. Falconer, the senior member of the company, is the father of Mrs. Davis.

A. C. Davis was with the Pennsylvania company thirteen years, beginning as a special man or student and serving at successive times as a motive power inspector, assistant engineer of motive power, electrical engineer and master mechanic, taking the latter office three years ago. He was stationed at Fort Wayne the greater portion of his term of service and is quite well known here, both in railway and social circles. As far as could be learned no appointment to the office Mr. Davis will relinquish the latter part of the month has been made.

NOT SO BADLY HURT.

Mrs. C. A. Contant Will Recover From Injuries.

A letter from C. A. Contant, containing an account of the elevator accident in which his wife was injured some days ago, in California, says that Mrs. Contant was painfully hurt, but will recover. The trip as planned will be carried out, but will be delayed a week or more by the accident. Mr. Contant lays the blame for the accident upon the man who ran the hotel elevator. He was not attentive to his duties, else the accident would not have happened. Mr. Contant is foreman of the annex to the Pennsylvania machine shop and left with his wife three weeks ago on a trip to the Pacific coast, where his sons reside.

EXCEEDS FORTY-FOUR MILLIONS.

Increased Wages of Railroads Will Amount to That Sum.

The fifteen railway systems that have increased wages or will increase them will pay out annually over $44,000,000 more than was paid out last year. Of this sum the New York Central will lead with an increase of $11,000,000. The Pennsylvania will pay out $7,000,000 additional; the A. & O. over $2,000,000; the New Haven, $1,500,000; the C. & O. over $1,000,000; the Boston and Main over $1,000,000; the Norfolk and Western over $1,000,000; the Boston and Maine over $1,000,000, and the Lehigh Valley upwards of $900,000. It is estimated that $25,000,000 of this amount will go to the trainmen, conductors and yardmen and the remainder to the other classes of labor.

IDENTIFIED BY PILL BOX.

Clue Offered by Drug Unravels a Mystery.

A pill box bearing the name of Druggist Weis, of Gary, Ind., furnished a clue to the identity of a man who was killed by a train on the Pennsylvania road at Tolleston a week ago. It will be remembered by the readers of these columns that the badly mangled body of a man was found lying at the side of No. 2 tracks at a point between Gary and Tolleston last week, but there was nothing on his person by which he could be identified. Later a pill box was found and through it the man was traced from the drug store to the hotel where he had been stopping and his name learned. He was Russell Murphy, a steel worker in the big mills at Gary. Nothing more concerning the dead man could be learned, as he had not been at Gary long.

DISCUSSING BOILER MATTERS.

There was a conference here today between some of the men at the head of the boiler shops on the Pennsylvania Northwest system on matters connected with the boiler part of the shop work. Those who participated in it were Master Mechanic B. Fitzpatrick, of Fort Wayne; Master Mechanic A. C. Davis, of Wellsville; Assistant Master Mechanic E. E. Griest, of Fort Wayne; Boiler Foreman W. A. Schultz, of Wellsville; Boiler Foreman B. F. Sarver, of Fort Wayne; Boiler Foreman B. Pogue, of Allegheny, and W. J. Murphy, of Allegheny.

CARPENTERS TO HAVE MEETING.

The Carpenters' union has arranged for an open meeting at their hall next Thursday night and have engaged Judge Edward O'Rourke as speaker. Of course, the object of the meeting is to create greater interest in the union with the end that its ranks may be swelled and the members and craft generally benefited. Judge O'Rourke has addressed meetings of this kind before and each lecture was followed by a deeper interest in labor union matters.

DISCUSSED WORKING CONDITIONS

Engineers H. I. Phipps, H. E. Fox, G. A. Mullin, of Bellevue, William Hall, of Conneaut, and J. W. Wells, of Fort Wayne, the committee of adjustment, representing the engineers of the Nickel Plate, met H. A. McBeth, master mechanic, of Conneaut, E. A. Miller, superintendent of motive power, of Cleveland, and Paul Kreitz, general foreman, of Conneaut, in Bellevue yesterday. The purpose of the meeting was in regard to the working conditions of the engineers.

LEHIGH MEN GO EAST.

The officials of the Lehigh Valley road, who passed through Fort Wayne over the Wabash, inspecting the property, last week, passed through the city again today in their private car a part of train No. 28. They were joined at Montpelier by President F. A. Delano, of the Wabash, who accompanied them east. The trip last week gave color to the rumor that a deal of importance connecting the Lehigh Valley, the Rock Island and the Wabash was in progress, but the nature of it is just as much a mystery today as it was last week. The Lehigh Valley party occupied private car "The Mayflower" this morning. General Supt. S. E. Cotter and Division Supt. J. C. Sullivan, who came here last night, accompanied them east.

WABASH CHANGES BULLETINED.

The appointment of G. C. Knickerbocker to traveling freight agent of the Wabash, mentioned a week ago by The Sentinel, has been followed by other changes in the freight department. A bulletin issued by Division Freight Agent W. A. Sprott says that W. H. Robinson will succeed Knickerbocker at Lafayette; J. L. Craig, agent at Defiance, will go to Peru to succeed Robinson. The agency at Defiance has not yet been filled.

TWO G. R. & I. SPECIALS.

There will be two special trains over the Southern division of the G. R. & I. this week. Tomorrow Supt. B. H. Hudson will accompany the insurance department officers over the line, their train starting from Richmond and running through to Grand Rapids, with short stops at stations en route. On Thursday a special train bearing Telegraph Supt. G. A. Cellar and his staff will make a similar trip between Richmond and Grand Rapids.

TWO MINOR ACCIDENTS.

N. D. Merz, of the Pennsylvania shops, gave one of his hands a terrific blow with a hammer yesterday, bruising the member so badly that he will be unable to work for a few days. Another personal injury case at the shops was that which happened to S. W. Knapp. He had one of his feet injured by a heavy piece of metal falling upon it. He will be unable to work for a few days.

WILL ATTEND CONVENTION.

General Foreman Henry Eisele and Erecting Foreman J. J. Houlihan, of the Wabash shops, will go to Cincinnati tomorrow to attend the annual convention of the General Foremen's association, which is in session in that city this week. Mr. Houlihan has attended all of the meetings of the past six or eight years and was once the vice president of the association.

WILL AFFECT TONNAGE.

It is estimated that the damage to the grape crop in the territory touched by the Nickel Plate will be about 35 per cent. Last year the Nickel Plate handled 3,500 car loads of grapes from New York, Pennsylvania and Ohio and a 35 per cent. reduction in tonnage on this one class means considerable to the company.

HARRY FISHER RECOVERING.

I CURE PELVIC, NERVOUS AND CHRONIC DISEASES

A FEW QUESTIONS YOU SHOULD ASK YOURSELF:

Do you want to get well? Do you want to enjoy the blessings of health? Can you afford to continually suffer the tortures of a disease-ridden body? Is not your health worth more to you than the little money it would cost you to get well? Do you think you are treating yourself right by not getting rid of the shackles of disease? If you do—honestly, do you think you are doing right with your friends, your loved ones and those dependent upon you in not freeing yourself from disease and again becoming strong and healthy, so that you may be the better enabled to provide for them as God intended you should? Do you not know that, besides the pain and physical discomfort you have to endure, that your ability to work and your earning capacity are lessened directly in proportion to the extent of the disease with which you are afflicted? Do you not know that you are losing money every day you put off getting well? Did you ever stop to consider what it costs you not to enjoy good health?

Every man that does less than he should do at his desk, in the shop or on the farm, is weak in some way. I have found that the man who cannot accomplish all that he hopes or expects to is often the silent sufferer from some hidden **Chronic** or **Pelvic** disease that is slowly but surely undermining his health, usually affecting one or more of the important nerve centers of the body, and as surely unfitting him for competing with his fellow men who are strong and healthy.

These neglected or unknown conditions are usually diseases of the pelvic organs, which reflexly act on the organs of **digestion**, of **elimination** and the **nervous system**, which in turn has its influence on the brain. I have made a study of the nervous system and have perfected methods that will **CURE Pelvic Diseases.** I will give you a searching and thorough examination and explain to you the true nature of your troubles.

Hundreds of people in and about Fort Wayne who have taken advantage of my treatment are now satisfied and are enjoying the blessings of health. Many of these I have cured after they had vainly sought relief at the famous health resorts and spent much hard-earned cash in their efforts to get well.

Every day competition is getting more keen and the natural inevitable result is that the weak must fall behind and watch those who are strong and healthy forge to the front.

I have spent years in the study and treatment of **Pelvic, Nervous and Chronic Diseases** and have perfected methods which will not only **positively and permanently cure these chronic and deep-seated diseases,** but will restore to a normal and healthy condition the broken-down and devitalized organs.

Think it over and consider if you can afford, as a matter of business, to neglect yourself and risk **FAILURE** because you are handicapped by disease.

Many a man has been forced to abandon a successful career because of some **PELVIC** or **CHRONIC** disease, which had insidiously wrecked his nervous system and unfitted him for performing the duties which he otherwise would have been able to perform.

It makes no difference how long you have been afflicted, if I accept your case I will positively cure you.

I have made it an invariable rule to accept no cases for treatment that I cannot cure. While this, of course, compels me to refuse to treat quite a good many cases which come to me, it has established a confidence in the public that when I accept a case for treatment I will accomplish a cure. This is the reason my business has grown to such remarkable proportions; that I have, beyond a question, the largest business of my kind in the state, and hundreds of satisfied patients whom I have cured are ample evidence of my ability to successfully treat these chronic and deep-seated diseases in which the ordinary methods have failed. **I HAVE NO TIME TO WASTE ON INCURABLE DISEASES.**

BLOOD POISON—Only the most advanced methods are used by me in the treatment of Blood Poison and kindred diseases.

I use serums and vegetable drugs, and by their use I am able to rid the body of the poisons in about half of the time necessary by the old methods. Besides Mercury and mineral poisons often ruin a man and leave him in a decidedly worse conditions than before he began the treatment.

ECZEMA and other skin diseases are quickly and permanently cured.

NERVOUS BREAKDOWN and nearly all nervous diseases are the direct result of Chronic or imperfectly treated PELVIC DISEASES, such as VARICOCELE, PILES, FISTULA, STRICTURE, etc. I not only remove the cause, but many years of experience in the treatment of nervous and pelvic diseases enable me by special methods to revitalize the entire nervous system and to restore to perfect health nearly all sufferers from NERVOUS BREAKDOWN and VITAL WEAKNESS.

PROSTATIC ENLARGEMENT—This may result from a number of causes. The constant jarring and vibration of trains and trolley cars are a very potent cause. Bicycle riding and the use of riding implements on the farm are factors in producing this disease. In fact, the causes are so many and varied that fully 75 per cent of all adults are afflicted to a greater or less extent by this disease. The disease is so little understood, and as one of the principal symptoms is pain in the back, it is usually called kidney trouble, and treated with local applications or sedatives, which can do no possible good whatever. I reduce the enlargement and have been able to cure about 90 per cent of all cases.

VARICOCELE—I cure Varicocele in a few days' or weeks' time without the use of the knife.

STRICTURE—I readily remove stricture by my solvent method without the use of instruments.

PILES, FISTULA, ETC., cured without detention from business and without the use of the knife.

RUPTURE—I cure ruptures in a few treatments without the use of the knife and without pain or detention from business.

Fully one-half of these cases that are operated upon result in partial or complete failure. One hundred per cent of those I have treated have proven successful.

Think of it, can you afford to run the risk of an operation when a more successful method may be had? And without the consequent suffering and detention in the hospital, and at the same time you are able to go about your usual work.

The wonderful growth of my business and the unprecedented success I have had in treating those chronic and deep-seated diseases is due to a number of causes.

Clean advertising and clean business methods naturally bring to me an intelligent and self-respecting class of people.

I have always made it a rule never to put into my advertising anything that might be deemed vulgar or offensive by the most critical.

I have made it a point never to accept any case for treatment that I thought incurable.

I always give everyone a thorough and systematic examination and endeavor to find the exact condition before I had begun treatment. I then treat the diseases instead of the symptoms.

I treat only a few diseases and endeavor to thoroughly understand every one of them, instead of attempting to treat several hundred, which naturally would make it impossible to give more than a superficial study to each one.

Is it any wonder then why I have been so phenomenally successful?

As to my responsibility, ask the banks or look me up in the commercial agencies.

All I ask is a fair chance and I will give you the cure you have paid others for.

Some Persons

feel bright and ambitious a part of the day; and then listless and dull.

Most of these people are coffee-drinkers. They can not account for their whimsical moods and don't realize they are doing anything to cause them. But take a look at the case in the light of science as applied to physiology.

Ever study the way coffee acts on the brain and nervous system?

"**Caffeine,**" says a scientist, "is a drug found in coffee and tea and is classed among the habit-forming drugs, like whisky, morphine, cocaine, etc.

"It acts as a so-called heart stimulant first—but the reaction later shows that it is in reality a paralyzant—weakens the nerves and partially paralyzes them.

"**Caffeine**" causes a short period of excitement of the nervous system—a delusory effect.

But this is followed by the inevitable depression of spirits, dullness of intellect and sometimes dizziness."

That's what coffee does, in part.

On the other hand, thousands of people have learned to distrust coffee and have found in well-made **POSTUM** a beverage which tastes similar to coffee but has none of the harmful effects of coffee.

If you would feel clear-headed and well all the time, drop coffee and begin using **POSTUM.** But—be sure you read directions on pkg. **POSTUM** must be made right (well boiled) to bring out the real food value. Thousands of people have found it. You can do the same and it is quite a pleasant discovery—that

OIL IS STILL BURNING.

Lightning Strikes Huge Tank of Petroleum at Martinsville, Ill.

Terre Haute, Ind., May 3.—The tank of the Ohio Oil company at Martinsville, Ill., which was struck by lightning yesterday evening at 7 o'clock, burned all night and is still burning today. It stands in an orchard just back of the refinery and when the oil began to boil the flames passed over the top of the refinery. A force of over two hundred men are busy keeping up the earth embankment which prevented the burning oil from flooding the country and from flowing down into the creek and destroying the bridges. The tank held 37,000 barrels and 21,000 were pumped off.

IMPORTING BAKERS.

New York, May 3.—A force of bakers was expected here from Philadelphia today to help break the strike which has crippled the business of most of the large bakeries and curtailed the bread and pastry supply of the big hotels and caused shortages in many residence districts. No early move by the bakery wagon drivers to quit was noted today.

UNIVERSITY HEAD RESIGNS.

Washington, May 3.—The resignation of Dr. Charles W. Needham as president of George Washington university was accepted yesterday by the trustees. His successor has not been selected.

The W. C. T. U. will meet tomorrow afternoon with Mrs. E. Morgan, 340 Washington boulevard east. This will be a meeting of the crusaders and anyone interested in the work is invited.

The study class that usually meets on Wednesday in the vestry room of the synagogue will meet on Thursday at the usual hour this week instead, as Rabbi Ettelson is called to Warsaw tomorrow.

Meyer's

Drug Stores

Most strangers coming to Fort Wayne know of Meyer Bros.' drug stores. Our acquaintance is spread over a large territory, which is evidenced by the fact that we get mail orders from almost every state in the union. This is partly due to the fact that we have been so long established, but mostly it's because many people who have moved away from Fort Wayne have not been able to find anywhere such drug stores as ours.

TO THE STRANGER WITHIN OUR GATES

If you have not had occasion to become acquainted with Meyer Bros.' drug stores before, we call your attention to several special lines at our stores, which you no doubt have learned to know in your home town or in the large trading centers.

You know that Rexall Remedies, Harmony Toilet Things, Fenway Candy, Liggett's Candy, National Cigars are exclusively sold in the best drug store in each city. That's conclusive evidence that these are good lines to buy.

Many People Say

that they know McCray Refrigerators are the best refrigerators built, but that they are so high priced that they cannot afford to buy one. That is a mistaken idea, however, as McCray Refrigerators are built in all sizes, and many of them are quite moderate in price. We don't claim that they are cheap refrigerators but we do claim that they are the best refrigerators made, and that a McCray refrigerator will soon pay for itself by the saving on your ice bills, and by preventing the waste of food.
